Environmentally Responsible Products

Kick®

GREEN SEAL™ CERTIFIED HARD WATER SCALE REMOVER

Deactivated Acid

An organic salt of acid that activates on contact with soil, Kick has the cleaning power of HCl or Phosphoric Acid to dissolve hard water scale while also removing soap scum, mold stains, mildew stains and rust.

Use on sinks, toilets, urinals, water fountains, showers, tubs, tile, grout, glass, copper, brass, fiberglass and stainless steel.

Activates on Contact with Soil

Safer Scale Remover

With a low Health Rating of 1 (in use), TerraGreen Kick is Green Seal™ Certified and is non-corrosive to skin with no harsh acid fumes.

Worker Safe

Training Simplified

Color-coded product, relative cleaning strength numbers, color-coded use icons, bilingual labels and job aids, and personalized end-user wall charts.

Simplifies training across language barriers

Available as Super Concentrates

Using Brulin's dilution control system delivers precise dilution performance.

Low repeatable cost make super concentrates a great value

Solutions That Deliver

- Activates on Contact with Soil
- Worker Safe
- Simpler Training
- Dispensers Control Usage and Cost

Kick®

GREEN SEAL™ CERTIFIED HARD WATER SCALE REMOVER

Flexibility

Mix on your own, or use dilution control.

DIRECTIONS

Use the SCS² dispenser to fill a bucket, equipment, or properly labeled spray bottle with **TERRAGREEN KICK** solution. Use cold water.

Apply to surfaces to be cleaned. Wait, allowing a few minutes dwell time. Scrub with light-duty (non-scratching) abrasive pad. Rinse all surfaces with water. Rinse pads and equipment with water before storage.

Prolonged contact with metal surfaces may stain or etch the surface. Always ensure adequate rinse after cleaning.

(Use-dilution labels available from Brulin or local distributor.)

YIELDS 130 RTU QUARTS: Each ½ gal. of **TERRAGREEN KICK** yields 32 gal (130 qt) of ready-to-use product at 1:64 dilution rate.

RECOMMENDED DILUTION: (concentrate:water)
Normal: 1:64
Heavy-Duty: 1:32
Extra Heavy-Duty: 1:16

Use the appropriate color tip on the proportioner inlet to deliver the desired dilution.

Black Shadow

Supply Closet Dispenser

Dispenses Kick at desired dilution plus 2-3 additional SCS² products

Product No. DM705

- Fills Buckets or Spray Bottles — Fast 4 GPM Fill Rate
- 7 ft Hose Reaches Out of Closet to Fill Automatic Scrubbers
- One-Handed Operation
- Remote Activation
- Small Footprint — 4.5"W x 10"H
- Modular — Fits Anywhere

Kick®

Green Seal™ Certified Shower, Bowl, Urinal & Restroom Scale Remover

Hard water scale remover that is safer than HCl or Phos acid cleaners. Unique deactivated acid activates on contact with soil. Safer scale remover with a health rating of 1 in use. Attacks soils like an acid to remove builtup hard water scale, rust, soap scum, mold stains and mildew stains. Worker friendly with a low odor that leaves no harsh acid fumes. Economical concentrate dilutes 3 ways based on soil load for substantial savings.
