## BRS XII – Technical + High Priority Dual Credit

### Overview:

Collects data on technical + high priority dual credit awarded. This data will be used to create a dual credit budget line item

### Who Reports:

All institutions.

### What To Report:

For the latest fiscal year, report total number of dual credit technical + high priority credits earned from you institution by high school students enrolled in off-campus dual credit courses.

- Fiscal year is defined as July 1st through June 30th. E.g. 2016-17 data should include any T+HP credits earned between July 1st 2016 and June 30th 2017.

### Form Validation:

- Data entered must be a non-negative whole number.

## ICHE Pre-population Logic:

*Source: Credits File (CR)*

Field ID	Data Element	Use
CR01	Reporting Year	Used to determine fiscal year of semester.
CR35	Off-Campus Dual Credit Hours (Technical + High Priority) Earned	Used to determine total number of Technical + High Priority dual credit credits were earned.

### Business Logic

- 1) Filter credit data (CR) using the following
  - a. Use reporting year field (CR01) to include only semesters that occurred during the latest fiscal year
- 2) Sum total off-campus Technical + High Priority dual credit earned using the Off-Campus Dual Credit Hours (Technical + High Priority) Earned (CR35) field. Credits were rounded to the nearest credit hour.

### Data Audit Requirements:

A reason must be provided if the pre-populated value is updated.
