December 16, 2013

To the Citizens of the State of Indiana:

It is with pride that the staff of the Auditor of State's office presents Volume II of the Annual Financial Report of the State of Indiana for the fiscal year ended June 30, 2013. This document contains unaudited financial schedules containing the revenues, appropriations, allotments, and expenditures for all state agencies operating in the State of Indiana. Volume II has been prepared to comply with Indiana Code 4-10-13-2, which requires the State Auditor to prepare a report each year showing receipts by source of revenue and by type of fund disbursement as they relate to each agency, department, and fund of State government.

In addition to this financial report, in January, we will issue the Comprehensive Annual Financial Report (CAFR), which contains audited financial statements compiled in accordance with Generally Accepted Accounting Principles (GAAP) and applicable legal requirements. The CAFR presents governmental financial statements in a format comparable to the private sector.

Our office has also worked hard to develop the Indiana Transparency Portal (ITP), which is an online solution designed to bring better visibility, openness & accountability to Indiana State Government. The ITP contains information ranging from agency budgets to state contracts and agency performance measures. We strive to utilize your tax dollars as efficiently and effectively as possible and we look forward to sharing this information with you.

The portal may be found at <http://www.in.gov/itp/>.

This report is easily accessible to citizens by visiting [www.in.gov/auditor](http://www.in.gov/auditor) or by calling the Auditor of State's office at (317) 232-3300.

Sincerely,

Stephen M. Daniels  
Deputy Auditor of Operations

**State of Indiana**  
**Financial Schedules Explanation**  
**Fiscal Year Ended June 30, 2013**

Financial schedules provided in this report are:

1. Schedule of Revenue
2. Agency Appropriation and Allotment Trial Balance Report
3. Current Expenditures and Encumbrances

These schedules are not necessary for generally accepted financial reporting, but do satisfy a portion of the financial reporting requirements prescribed by Indiana Code (IC) 4-10-13-2. The balance of the reporting requirements prescribed by IC 4-10-13-2 is satisfied by the State of Indiana's separately issued Comprehensive Annual Financial Report.

The schedules contained in this report are detailed by PeopleSoft (PS) fund, CAFR fund, account, and business unit.

A fund is a fiscal and accounting entity with a self-balancing set of accounts recording financial activity, which is segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Funds used by government are classified by fund type. Those fund types are governmental, proprietary and fiduciary.

Governmental funds are the general fund, special revenue funds, debt service funds, capital projects funds, and permanent funds. These funds are used to account for governmental type financial activity.

The general fund is the chief operating fund of a government and is used to account for the financial activity of the government, except for the activity that is required to be accounted for in some other fund. The State of Indiana's general fund is CAFR fund number 1000.

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects. The State of Indiana's special revenue funds are CAFR fund numbers 2010-2780, 2800-3200, 3230-3240, 3280, 3300-3790, 3880-3900, 3920, 3940, 3970-4260, 4580-4900, 5030-5060, 5120, 5230-5350, 5410-6020, 6040-6090, 6110-6340, 6360-6380, 6410, 6440, 6460-6480, 6540, 6570, 6610, 6650-6660, 6690-6710, 6750, 6780-6830, 6850-6880, 6910-6930, 6960, 8000-8097, 9102-9104, 9107-9108, 9111-9112, 9114, & 9261-9878.

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. The State of Indiana does not have a fund that meets these standards.

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The State of Indiana's capital projects funds are CAFR fund numbers 3260, 3290, 3800, 3910, 3950, and 6350.

Permanent funds are used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs. The State of Indiana's permanent funds are CAFR fund numbers 4270, 5000, 6620, and 6670.

Proprietary type funds are used to account for business type financial activity and the fund types in this group are enterprise and internal service funds.

Enterprise funds are used to account for revenue generated by charges for a service provided to the public, where the intent of the government is to recover all or most of the cost through a charge for the service (user fees). The State of Indiana's enterprise funds are CAFR fund numbers 5360, 6720-6740, and 6770.

Internal service funds are used to account for revenue generated by charges for services provided between departments or agencies within governmental units or between governmental units, on a cost reimbursement basis. The State of Indiana's internal service funds are CAFR fund numbers 5110, 5150, 5160, 5220, 6940, and 9109.

Fiduciary type funds are used to account for agent or fiduciary financial activity. The fund types in this group are private-purpose trust funds, agency funds, and pension and other employee benefit trust funds.

Private-purpose trust funds and agency funds are used to account for the financial activity of either a trust arrangement where the governmental unit is permitted to expend the trust assets or in an agency capacity where revenue is received in a custodial capacity. Private-purpose trust and agency funds function much like a governmental fund. The State of Indiana's private-purpose trust funds and agency funds are CAFR fund numbers 2790, 3220, 5140, 6030, 6100, 6400, 6420, 6450, 6680, 6890, 6990, 7010, 7020, 9000, 9100, 9101, & 9113.

Pension and other employee benefit trust funds are used to account for the financial activity in pension plans where the governmental unit manages the plan or the plan is considered a unit of the governmental unit. The State of Indiana's pension and other employee benefit trust funds are CAFR fund numbers 3930, 6510-6520, 6550-6560, 6580-6605, 6625, 6840, and 6950.

In the State of Indiana's accounting system a PS fund is self-balancing. PS funds are used to identify the financial activities by business unit or purpose. Schedules 1 and 2 include the name of each PS fund.

Accounts used in these schedules describe revenues and expenditures. The revenue account is listed next to the revenue description in the source of revenue column of the Schedule of Revenue. In the State of Indiana's chart of accounts, revenue accounts begin with the numbers 4, 64, or 74. The first two digits of the revenue account indicates the revenue type as follows:

<b>40</b>	=	<b>Revenue Adjustments</b>
<b>41</b>	=	<b>Taxes</b>
<b>42</b>	=	<b>Exchange Revenues (Excluding Sales)</b>
<b>43</b>	=	<b>Sales</b>
<b>44</b>	=	<b>Grant Revenues</b>
<b>45</b>	=	<b>Fines &amp; Penalties</b>
<b>46</b>	=	<b>Forfeitures, Abandoned Property &amp; Donations</b>
<b>47</b>	=	<b>Other Non-Exchange Revenues</b>
<b>64</b>	=	<b>Internal Service Funds – Revenue</b>
<b>74</b>	=	<b>Other Financing Sources</b>

The expenditure account is listed in the "PT" column (2<sup>nd</sup> digit below) of the Agency Appropriation and Allotment Trial Balance Report. In the State of Indiana's chart of accounts the expenditure account indicates the expenditure type as follows:

<b>0</b>	=	<b>Total Operating</b>
<b>50</b>	=	<b>Expense Adjustments</b>
<b>51</b>	=	<b>Personal Services &amp; Fringe Benefits</b>
<b>52</b>	=	<b>Utilities</b>
<b>53</b>	=	<b>Contractual Services</b>
<b>54</b>	=	<b>Supplies, Parts &amp; Materials</b>
<b>55</b>	=	<b>Capital Costs</b>
<b>56</b>	=	<b>Distributions to Other Local Governments</b>
<b>57</b>	=	<b>Grants</b>
<b>58</b>	=	<b>Social Service Payments</b>
<b>59</b>	=	<b>Administrative &amp; Operating Expenses</b>
<b>65</b>	=	<b>Internal Service Fund - Expenses</b>
<b>75</b>	=	<b>Other Financing Uses</b>

The expenditure of resources is controlled through the adoption of budgets referred to as appropriations. These appropriations are established by either legislative action, statutory authority, or functionality of the PS fund. The State of Indiana further controls expenditures with an allotment system. An appropriation is not available for expenditure until it has been allotted. Appropriations are allotted by either action of the state budget director, statutory authorization, or the functionality of the PS fund.

The allotment system is administered by the State of Indiana's accounting system through the designation of the budgetary control of each PS fund. The budgetary controls are divided into five categories; a control 3 PS fund; a control 4 PS fund; a control 5 PS fund; a control 6 PS fund; or a control 7 PS fund.

The control of each PS fund is indicated in the “CTRL” column on the Agency Appropriation and Allotment Trial Balance Report.

The appropriation of funds in PS funds with a budgetary control of 3 must be approved by the legislature, or authorized by legislation; the allotment must be approved by the state budget director, or authorized by legislation. The unexpended appropriation of a control 3 PS fund reverts to the surplus balance of the fund at the end of the fiscal year.

The appropriation of funds in PS funds with a budgetary control of 4 must be approved by the legislature, or authorized by legislation; the allotment must be approved by the state budget director, or authorized by legislation. The unexpended appropriation of funds that have not been allotted for a control 4 PS fund reverts to the surplus balance of the fund at the end of the fiscal year.

The appropriation of funds in PS funds with a budgetary control of 5 increases when revenue is received as authorized by legislation, or controlled by the functionality of the PS fund; the allotment must be approved by the state budget director, or authorized by legislation. The unexpended appropriation of a control 5 PS fund does not revert to the surplus balance of the fund at the end of the fiscal year. The appropriation balance in the PS fund continues into the next fiscal year.

The appropriation and allotment of funds in PS funds with a budgetary control of 6 increases when revenue is received as authorized by legislation, or controlled by the functionality of the PS fund. The unexpended allotment of a control 6 PS fund does not revert to the surplus balance of the fund at the end of the fiscal year. The allotment balance in the PS fund continues into the next fiscal year.

PS funds with a budgetary control of 7 have no budgetary impact as authorized by legislation, or controlled by the functionality of the PS fund. The unexpended funds of a control 7 PS fund do not revert to the surplus balance of the fund at the end of the fiscal year. The unexpended balance in the PS fund continues into the next fiscal year.

A business unit is an agency of state government and is indicated by number in this report. On the following page is a list of business units in numerical order. The business unit associated with a PS fund is indicated by the BU number in the BU columns of the Schedule of Revenue and the Agency Appropriation and Allotment Trial Balance Report.

A list of CAFR funds in numerical order appears on pages xv-xvi.
