The meeting was called to order at 7:00 pm.

Jim Mowery informed the group what the committee had done to this point and passed out the groupings that the committee has come up with. The committee is looking for the support and backing of the Council and Commissioners and will continue to work on these classifications if the backing is there. Jerry Jansen and Joy LeCount committed that they thought that this would be a tool at budget time and would give the council at least something to work with and decide raises other than the "across the board" raises that have become common practice. Discussion then began of the need for a HR position or County Coordinator as after the work of the committee is done someone needs to continue this job of enforcing the requirements of job classifications. Many of the group spoke up in support of having Job Classifications and salary ranges so at the end of the meeting the consensus was to have the committee continue with their process.

The Council asked that this issue be put on the Councils July agenda.

ADJOURNMENT

The meeting adjourned at approximately 8:45PM.
