The legislature authorized the creation of the Senior Judge program which allows Indiana courts to use the services of retired judges to supplement existing judicial resources. Ind. Code 33-23-3-1. A Senior Judge may act as a replacement when the regular judge is unavailable; as a complement when the regular judge is in trial, working on opinions, or fulfilling administrative duties; or as an assistant to oversee the processing of certain types of cases or court programs.

The Indiana Supreme Court promulgates rules to further define the certification and appointment process for Senior Judges. I.C. 33-24-3-7. In 2003 the Supreme Court promulgated Ind. Administrative Rule 5, setting the parameters for the certification and use of Senior Judges.

Information regarding senior judge service can be found on the senior judge portal. The senior judge portal is located within INcite. The portal includes a list of certified Senior Judges, the number of Senior Judge days allocated to a Trial Court, and the number of Senior Judge days a Trial Court has used.
