

	INDIANA DEPARTMENT OF CHILD SERVICES CHILD WELFARE MANUAL	
	Chapter 14: Guardianship	Effective Date: December 1, 2013
	Section 1: Guardianship Assistance Program (GAP)	Version: 3

POLICY

The Indiana Department of Child Services (DCS) will provide the Guardianship Assistance Program (GAP) to eligible relatives as define in [8.48 Relative Placement](#) for whom the permanency option of guardianship is in the best interest of the child and reunification and adoption are not feasible.

Children who are wards of DCS or Juvenile Delinquency/Juvenile Status (JDJS) and meet all of the following criteria will be eligible for GAP:

1. The child is age 13 or older; and

[NEW] Exception: In some circumstances, a child under age 13, with a medical condition or physical, mental, or emotional disability as determined by a physician or psychiatrist licensed to practice in Indiana or another state may also be eligible for GAP if the Regional Manager (RM) approves application submission. DCS Central Eligibility Unit (CEU) will determine the final eligibility based on the RM approval and all other eligibility criteria listed in this policy.

2. The child has been placed in the licensed relative placement for at least six (6) consecutive months; and

Note: The relative must be licensed for the six (6) consecutive months that the child is placed in his or her care to be eligible for GAP.

3. The child has an approved permanency plan of legal guardianship indicating that neither reunification nor adoption are viable options; or

Sibling(s) of the eligible child for GAP if:

1. The sibling(s) are being placed together in the same home as the eligible child;
2. DCS and the guardian agree on appropriateness of the guardianship arrangement for the siblings; and
3. The RM provides approval. (See Related Information).

Any child eligible for a GAP payment is also eligible for payment of Nonrecurring Expenses associated with obtaining legal guardianship of the child. In order to be eligible for Medicaid a IV-E GAP payment must be made.

Note: Eligible children who are wards of DCS or JDJS and are placed out of state with relatives are also eligible for IV-E GAP.

Any child eligible for state-funded GAP will need a separate Medicaid eligibility determination by the Division of Family Resources (DFR) to receive Medicaid. See Practice Guidance.

DCS will assure all children age 13 and older who are under DCS care and supervision and have a permanency plan of legal guardianship are consulted regarding the permanency option of legal guardianship. See separate policy [5.8 Developing the Case Plan](#).

DCS will assure that any child whose guardianship is finalized in court on or after his or her 16th birthday is notified of the availability of Chafee Independent Living (IL) Services. Any interested child will be referred for IL services. See separate policies, [11.1 Independent Living Services](#) and [11.2 Eligibility for Chafee Independent Living Services](#).

All applications for GAP must be submitted to the DCS Central Eligibility Unit (CEU) for an eligibility determination. Prior to the entry of the order establishing legal guardianship, the GAP agreement must be signed by all required parties in order for the child to be eligible for GAP payments.

Note: The GAP application must be initiated in the DCS local office where the wardship or JD/JS was established.

GAP payments *shall* be administratively suspended or terminated based on the date the guardian no longer legally or financially supports the child.

RELATED INFORMATION

Temporary Guardianships

Temporary guardianship should not be sought in these cases. If a temporary guardianship is granted, the relatives are not eligible for foster care payments or GAP payments.

Licensing Requirements

The relative caregiver's valid foster care license, including required background checks, may suffice for GAP background check requirements.

Definition of Financial Support for the Purposes Guardianship

If a guardian is no longer providing any form of financial support to or for the child, guardianship assistance benefits may be terminated. DCS may determine that if the guardian is maintaining regular visitation with the child and is making reasonable efforts to ensure the child can return home, and if one (1) of the following are met, the guardian should be considered as providing financial support to the child:

1. The guardian is making regular payments, or otherwise providing support for the child for:
 - a. Family therapy,
 - b. Tuition,
 - c. Clothing,
 - d. Maintenance of special equipment in the home, or
 - e. Services for the child's special needs, such as occupational, physical, or speech therapy;
2. The guardian is providing support for the child while the child is in out-of-home care, in the form of regular monetary payments of not less than \$100.00 per month or provision of materials, supplies or services having an equivalent monetary value; or
3. The guardian is paying child support pursuant to a court order.

Processing Medicaid Eligibility

All cases regarding eligible children who are Indiana residents and will be placed with his/her guardian in Indiana will be processed by MEU for Medicaid eligibility. All cases that involve eligible children who are Indiana residents being placed outside of Indiana will be processed by CEU for Medicaid eligibility.

In order to be eligible for Medicaid under the IV-E GAP plan, a IV-E GAP payment must be made on behalf of the child.
