a) To demonstrate compliance with the work experience or training requirements under IC 22-15-5-12(b)(2)(A)(i) and IC 22-15-5-12(b)(2)(A)(ii), an applicant for an elevator mechanic license must, in addition to any other requirements of the department, prove their experience in the elevator industry by one of the following methods:

(1) a signed statement by their employer or mechanic overseeing their work that details the applicant's specific work experience and includes the applicant's job duties and number of hours of performance of those duties for:

- (a) construction;
 - (b) maintenance; and
 - (c) service or repair;
- or

(2) copies of tests, reports, job tickets, or a similar document identifying the applicant's job duties and number of hours of performance of those duties for:

- (a) construction;
- (b) maintenance; and
- (c) service or repair.

For the work experience, please list specific areas of experience which may include, but is not limited to, welding, electronics, electrical wiring, hoisting and rigging, hydraulics, ropes/cables, periodic safety testing, and door work and the number of hours performed in the specific area.

REASON STATEMENT AND FISCAL IMPACT

(b) To prove experience in a related field under IC 22-15-5-12(b)(2)(A)(ii), an applicant for an elevator mechanic license must, in addition to any other requirements of the department, prove their experience in a related field by submission of a signed statement by a licensed elevator contractor certifying the applicant's job duties and periods of performance of those duties.

(c) For purposes of establishing the duration of experience an applicant has, as required under IC 22-15-5-12(b)(2)(A), an applicant shall provide an estimated number of hours of experience they have in the respective discipline. 1750 hours shall be the equivalent of one year experience.

Clarifies that work experience must be documented in all 3 areas as required by law.
