Note: In a change from the previous policy, electronic devices such as laptops, cell phones, iPads, etc. will be allowed during the examinations. Therefore, printing the materials to bring to the exam is your decision. Most students prefer printed materials.

You may want to print the materials as a PowerPoint Handout, double-sided, and three-hole punch. Inserting the materials into three-ring binders and inserting index dividers can be very helpful. If you need assistance printing a handout or a copy of the tutorials, please contact Donna Bratcher at dbratcher@dlgf.in.gov.

The examinations are open book. To answer some of the questions on the exam, you will need to work on problems similar to those in the tutorial and on the review exam. The examinations will consist of 50 multiple-choice questions of two points each. A passing grade is 70 points.

The proctor for the examination will not answer questions regarding the Level I and II materials prior to or during the examination. Please contact Department staff prior to the examination day with any questions regarding the course materials at Level1@dlgf.in.gov or Level2@dlgf.in.gov.

You will be asked to provide a photo ID when you arrive. During the examination, there will be no scheduled breaks, although you will be allowed to leave the room for restroom breaks or to get a snack or drink.

You MUST pre-register on the Department's [website](#) no later than one (1) week prior to the examination.

A student may take both exams on the same day; however, prior approval must be given and both exams must be completed within the five-hour time limit.
