RE: Gateway Abstract Application Transition

DATE: November 29, 2023

Since 2019, the Indiana State Comptroller and the Department of Local Government Finance (“Department”) have partnered on the implementation of the successful transition of the county abstract submission process to the Gateway Abstract Application. This success could not have been achieved without the partnerships between the State Comptroller and the Department as well as the county auditors, their staff, and vendors.

Beginning in 2024, the Department will perform the review and approval of each county abstract, including the property tax replacement credit workbook. All abstracts will continue to be submitted using the Gateway Abstract Application. The only change will be that the Department will review and approve the abstract.

Additional guidance will be provided by the Department to all counties and vendors in January 2024.

If you have any questions or concerns regarding this transition, please contact the Department’s Support Team at support@dlgf.in.gov.
