Disclaimer

- This presentation and other Department of Local Government Finance materials are not a substitute for the law. The following is not legal advice, just an informative presentation. The Indiana Code always governs.

Agenda

- DLGF Support.
- Brief History of Gateway and Gateway Basics.
- How to gain and delegate access in Gateway.
- Deadlines and the DLGF website.
- The different Gateway applications.
- Affirmations.
- Public side of Gateway.

DLGF Support Best Practices

- Support@DLGF.in.gov
- Please include screenshots anytime you have an error message.
- Please include the URL of the page in your support requests.
- Please copy your Budget Field Rep on support requests related to a delay in the submission, adoption, or certification of information required by the Department.
- The Department makes every effort to respond within 2 business days of all support requests.

DLGF Support Best Practices

- DLGF Support works in a first come, first serve basis.
- Support requests increase dramatically close to deadlines. The closer you are to a deadline, the less likely it is that the Department will be able to respond to your request before the deadline.

Brief History of Gateway

- Launched in 2010, Indiana Gateway for Government Units (“Gateway”) is the online portal in which local government units in the State of Indiana submit required data. It also serves as a public access tool for citizens.
- As of February 2024, 26 different applications are used by hundreds of local units of government, schools, state agencies, casino operators, and others to submit financial and operational data to the State of Indiana.

Brief History of Gateway

- State agencies utilizing the Gateway portal:
 - Department of Local Government Finance (DLGF)
 - State Board of Accounts (SBOA)
 - Indiana Education Employment Relations Board (IEERB)
 - Department of Workforce Development (DWD)
 - Indiana Gaming Commission (IGC)
 - Bureau of Motor Vehicles (BMV)
- Data submitted includes budgets, debt issuances, TIF district summaries, annual financial reports, employee compensation reports, local development agreements, and school district collective bargaining reports, among others.

Gateway Basics – What is it?

Gateway's 3 main functions:

1. A place for local officials to quickly and efficiently submit information to various State Agencies.
2. A place for State Agencies to automate tasks and provide quick, meaningful feedback to local officials on that data.
3. A centralized data source of local government data/reports available to the public.

Gateway Basics

- How to access the Gateway's Local Official portal:
<https://gateway.ifionline.org/>.
- Or <https://www.in.gov/dlgf/> and click on the “Learn More” button on the Indiana Gateway banner.
 - Click the “Local Officials: Login Here” button.
- If you need to create a user account:
 - Click the “[Request Authorization to Access Gateway](#)” link on login page.

Gateway Username

- Per the [Authorized User Policy](#), an authorized users' Gateway email address, password, and PIN number is exclusively for individual use and should not be shared.
- Per the Authorized User Policy, in order for an email address to be used as a Gateway username, the email address:
 - Must be a working/valid email address.
 - May not include the name, nickname, or initials of anyone other than the associated Gateway user.
 - Must be an email address in which the associated Gateway user is the only individual with the ability to view any and all emails sent to it.
 - Must be an email address in which the associated Gateway user is the only individual with the ability to send emails using that email address.

Fiscal Officer for Department Gateway Applications

- The Department considers the “Fiscal Officer” of a unit to be the employee who all other employees of the unit ultimately report. The Fiscal Officer is the default submitter/delegating official for the reports located within the applicable Department Gateway applications.
- Please Note: An independent contractor (i.e., an outside CPA/consulting firm/consultant that the unit has hired) would not be considered the Fiscal Officer of the unit.
- For special district units who do not have any actual employees, the Department considers the President of the Governing Board to be the default submitter/delegating official for the reports located within the applicable Department Gateway applications.

Fiscal Officer for Department Gateway Applications

- Please Note: The Fiscal Officer is the employee of the unit who all other employees of the unit ultimately report.
- This is not necessarily referring to the employee of the unit who will be the primary person to enter data into the Department Gateway applications. It is possible that the Fiscal Officer may not be the employee who enters in the majority of the data into Gateway for the unit.
- If the unit only has one employee, then by default, they are the Fiscal Officer.
- It is possible that the “DLGF Fiscal Officer” may be different than the SBOA Fiscal Officer.

Fiscal Officer for Department Gateway Applications

- It is the responsibility of the Fiscal Officer to personally log into Gateway under their specific Gateway username to “submit” any forms or reports located within the Department Gateway applications (with the exception of the Budgets/Additional Appropriation applications).
- If the unit is subject to binding review, then the Head of the Governing Body is the default submitter/delegating official for the Budgets/Additional Appropriation applications.

Previous LDA Process

- Limited Delegation of Authority (LDA)
 - Provides submitters the ability to allow staff members to edit data on their behalf.
 - Unit or Application Specific.
- Forms were available on the Department Website.
 - These would be filled out manually and submitted to the Department.
 - The Department has discontinued this process.

LDA Application

- The Department has launched a new online application for the LDA process.
- Now that the application is live, the Department is no longer accepting the papers forms. All new LDA applications must be submitted through the online site <https://gatewaylda.ifionline.org>.
- [LDA User Guide](#)
- All existing Editor and Read Only access permissions will be removed in early June. A new online LDA submission will be required each year as the Department will reset permissions annually in June.

Gateway Public Reporting Site

- The Gateway Public Reporting Site offers a variety of reports to the general public; you do not need a Gateway account to access this read-only information.
- Information contained in these reports comes from the data that has been submitted by the local units of government via the different applications.

Report Search

Local governments are required by state law to submit reports to the State of Indiana. A significant number of those reports related to taxing, budgeting and spending are now collected and available for public viewing through Gateway. Explore by unit or by report type.

[Annual Financial Report](#)

Multiple reports detail the receipts and expenditures of each local government unit, reflecting income and expenditures for a full calendar year. The primary purpose is to assist in the auditing of government units.

[Assessed Value](#)

The Certified Net Assessed Value (CNAV) data provides information on the tax base.

[Budgets](#)

Every local government unit with authority to levy a property tax must submit a budget for the coming calendar year to DLGF, which has the responsibility to review and certify budgets and set tax levies and tax rates.

[Employee Compensation by Unit](#)

The Certified Report of Names, Addresses, Duties and Compensation of Public Employees (Form 100R) provides taxpayers with compensation information for public employees of state and local government.

[Entity Annual Report](#)

Financial reports from organizations that receive financial assistance from governmental sources (federal, state or local).

[Local Development Agreements](#)

Gaming establishments may have local development agreements with various groups in their area. These are reported to the Indiana Gaming Commission each year along with the amount disbursed.

Gateway Public Reporting Site
