FUNDING FOR FISH AND WILDLIFE

The DNR Division of Fish & Wildlife sells hunting, fishing, and trapping licenses. All revenue is used for managing fish and wildlife resources in Indiana. No license money goes into the state general fund.

The Division also receives money from the federal Sport Fish and Wildlife Restoration programs (sometimes referred to as Dingell-Johnson and Pittman-Robertson funds). The funds are derived from excise taxes levied on sporting arms and ammunition, bows and arrows, fishing equipment and motor boat fuel. The funds are then returned to state fish and wildlife agencies using a formula that in part is based on the number of fishing and hunting license buyers.

LaSALLE FISH & WILDLIFE AREA

4752 W. 1050 N | Lake Village, IN 46349
219-992-3019 | LaSalleFWA@dnr.IN.gov
on.IN.gov/LaSalleFWA

LaSalle Fish & Wildlife Area is dedicated to providing quality outdoor recreational opportunities while maintaining 4,511 acres of hardwood forests, cropland and fallow fields, marshes, brush, and open water. Divided by the Kankakee River, LaSalle is an ideal resting area for migratory birds.

HISTORY

The area around LaSalle was once part of the Grand Kankakee Marsh. Acquisition of the land began in 1952. About 1,800 acres were purchased and became Kankakee River State Park. In 1963, after additional acreage was acquired, it was determined that the land was better suited for use as a fish & wildlife area, and it was renamed LaSalle Fish & Wildlife Area.

Most revenue used in land acquisition, development, operation, and maintenance of LaSalle FWA are derived from the sale of hunting, fishing, and trapping licenses. Funds are also received from the federal Pittman-Robertson and Dingell-Johnson programs to aid fish and wildlife restoration. These funds are derived from taxes levied on sport hunting and fishing equipment. Indiana hunters, anglers, and trappers are proud to provide this property for the enjoyment of all.
