Help individuals find their career pathway – it's what you do!

Use Indiana Career Explorer to support students as they chart their path to success. Agile Work Profiler, Career Interest, and Work Values Matcher are some of the assessment tools available to help a student narrow down the industries and occupations they are interested in pursuing. By applying their results, they can then map out the education and training needed to succeed in their work-related goals. Career coaches, advisors and teachers can connect directly with students by uploading their results, view new or existing documents, and easily gauge a career seeker's development activity.
