Reporting Requirements

In accordance with Indiana Code (IC) 20-30-16-12, the Indiana Department of Education (IDOE) is submitting the following report to the Interim Study Committee on Education with the following information regarding the Indiana Course Access Portal (iCAP). This report must include the following:

- The number of authorized course providers;
- The number of approved course access program courses and the number of students enrolled in each course;
- The number of approved course access program courses available by subject matter;
- The number of students participating for the first time in approved course access program courses;
- The number of approved course access program courses each participating student is taking; and
- Student outcome data, including: (A) course access program course completion data; (B) student growth, performance, and growth to proficiency; and (C) student performance on state- or nationally-accepted assessments by subject area for each course provider. (There is no growth or assessment data for the iCAP courses.)

Introduction

The Indiana Course Access Portal (iCAP) provides students in Indiana with options for taking online courses from a collection of offerings maintained by IDOE, in partnership with authorized course providers. Indiana school corporations can use these virtual opportunities in a variety of situations, including:

- Supplementing student schedules with desired courses;
- Addressing staffing challenges that may otherwise limit the range of courses a school can offer; or
- Expanding the range of courses offered at the local corporation or non-public school.

Schools and iCAP course providers are encouraged to work together for the success of enrolled students, as this collaboration is key to students' successful course completion. During the 2022-2023 school year, there were 4,183 enrollments by 2,640 unique students across 125 courses offered by seven providers. These students came from the following 144 Indiana school corporations outlined in Table 1.

Authorized Course Providers in iCAP

There are currently seven authorized course providers in the iCAP catalog. These providers are listed below in Table 2, along with the number of courses each provider offers. The average cost per high school course (one credit) is $280.64. The average cost per dual credit course is $509.80.

[3] Count of courses current as of August 7, 2023.

Total Approved Courses in iCAP and Enrollment

There are 230 approved courses currently listed in the iCAP course catalog. A list of all courses is available in Appendix A. There were 125 courses with one or more enrollments during the 2022-2023 school year, for a total of 4,183 enrollments.

- 331 students took courses during both the 2021-2022 and 2022-2023 school years.
- 897 students took at least one iCAP course in both first and second semesters.
- 2,205 students took iCAP courses for the first time in the 2022-2023 school year.
- Of the 4,183 enrollments, 3,851 of those courses were completed, with an average grade of 77%.

Courses and their enrollments are listed in Table 3. There is a potential undercount of enrollments due to the capabilities of one provider's data system to delineate between iCAP enrollments and non-iCAP enrollments. However, IDOE is working with the provider to rectify the challenge for future reporting purposes.
