Child Mental Health Wraparound Program updates and webinars

The Division of Mental Health and Addiction is pleased to announce that [Child Advocates](#) will serve as the statewide access site for our Child Mental Health Wraparound program. Child Advocates will transition into this role during calendar year 2022. DMHA will also rollout a new access site data collection process, the new data collection process is necessary as the state has eliminated access to Syncplicity.

To help you prepare for these changes DMHA will be hosting a series of training webinars listed below. The division has also compiled a question-and-answer document from questions submitted to DMHAYouthservices@fssa.in.gov during the September 2021 webinar. This Q and A is [available by clicking here](#).

Please note that many of the changes being implemented are fluid and DMHA is still developing processes, procedures and policies. All CMHW providers and families will be updated as decisions are finalized.

Statewide access site rollout plan update webinar

Jan. 13, 2022

Noon – 2 p.m. EST (this webinar will be recorded)

[Please click here to register](#).
