Adding and Managing Physicians and Vaccinators

Why Add and Manage Physicians & Vaccinators for My Organization or Facility in CHIRP?

Managing physicians and vaccinators in CHIRP ensures that the vaccinator's name displays on patient immunization records and CHIRP reports. Each physician and vaccinator set up in CHIRP has an assigned **Physician ID** (SIISCLIENT number) that must be used when sending HL7 messages. If the correct ID is sent in your HL7 messages, the patient's vaccination record will display the correct vaccinator name on the **Vaccination Detail** Screen. Adding physicians and vaccinators also allows their names to appear in the **Vaccinator** and/or **Ordering Provider** drop down menus when manually adding doses to a patient's record in the CHIRP.

How Can I Locate the Physicians & Vaccinators under my Organization/Facility in the CHIRP?

1. Select the **Physicians & Vaccinators** tab from the left navigation menu. Then select **Search/Add**.

Tip: If you do not see **Physicians & Vaccinators** in your left menu, this means you need to have a permission called **Physician Administrator** added to your CHIRP user account. Contact CHIRP for assistance with adding this permission.

2. On the **Physician/Vaccinator Maintenance** screen, you may see the option to select a facility or you may be limited to viewing physicians/vaccinators for one facility (as shown below).
 - a. You can search for Physicians, Vaccinators, or both a Physician and a Vaccinator in the **Type** drop down box.
 - b. Click **Search**.

3. The report shows all physicians and vaccinators from the specified organization or facility, sorted alphabetically by last name.

- The **Inactive** column displays physicians and vaccinators that have been inactivated with a “Y”.
- The **Type** column indicates if the vaccinator is a physician “P”, vaccinator “V”, or both “B”.
- Click the arrow → button in the left column to open the **Physician/Vaccinator Maintenance Detail** screen.

From this screen, you can click the **Edit** button to make edits to the physician’s/vaccinator’s information or inactivate them if they no longer work at your organization/facility.
