

How to Use IPLA License Search

- 1) Go to the [License Search](https://mylicense.in.gov/everification/Search.aspx) (https://mylicense.in.gov/everification/Search.aspx) page and select “Radon” from the Profession dropdown

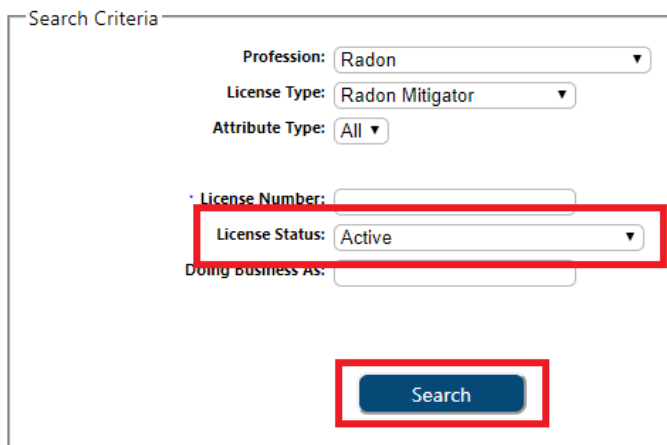

The screenshot shows the 'Search Criteria' form. The 'Profession' dropdown menu is highlighted with a red box and contains the text 'Radon'. Other fields include 'License Type' (All), 'Attribute Type' (All), 'License Number' (empty), 'License Status' (All), and 'Doing Business As' (empty). A blue 'Search' button is located at the bottom center.

- 2) Select the proper License Type from the License Type dropdown. Primary, secondary, and laboratory testers are all licensed to test your home. Mitigators are licensed to install systems to reduce the radon level in your home.

The screenshot shows the 'Search Criteria' form with the 'License Type' dropdown menu open. The menu is highlighted with a red box and lists the following options: 'All', 'Primary Radon Tester', 'Radon Laboratory Tester', 'Radon Mitigator', and 'Secondary Radon Tester'. The 'Secondary Radon Tester' option is highlighted in blue. Other fields are the same as in the previous screenshot.

- 3) Select “Active” from the License Status dropdown and then click “Search”

The screenshot shows the 'Search Criteria' form. The 'License Status' dropdown menu is highlighted with a red box and contains the text 'Active'. The 'License Type' dropdown is now set to 'Radon Mitigator'. The 'Search' button at the bottom is also highlighted with a red box.
