COVID-19 Vaccine Information for Healthcare Providers

The LTC COVID Team has created an educational packet for assisting in education on vaccine myths and facts for facility and infection preventionist use. The educational tools include a [COVID-19 Vaccine Information](#) presentation and [COVID-19 Vaccine FAQs](#). These educational tools can be used as resource in educating healthcare providers. This information is also attached.

Long Term Care Visitation Guidance

The Centers for Medicare & Medicaid Services (CMS) and Centers for Disease Control & Prevention (CDC) has not updated or changed the guidance related to visitation in long term care facilities. The current guidance is available at [Visitation Guidelines for Long-term Care Facilities](#).
