HIWU's testing program includes the testing of selected horses after routine times workouts/breezes (Post-Work). This testing is separate from Vet's List testing. Trainers will be notified of selection for Post-Work testing within one hour of a horse's completion of the breeze. For information about medications that can be used in relation to a routine breeze, visit the "News" tab on hiwu.org for the latest advisory. For questions, please contact Dr. Mary Scollay at 859.489.7677 or Dr. Patti Marquis at 816.516.5641.

It is against HISA rules to breeze a horse within 7-days of an intra-articular injection. If you inject a horse on Saturday, you cannot breeze the horse until the following Saturday.

House Rule: Recency Requirements for Horseshoe Indianapolis | This House Rule will supersede IHRC Regulation 71 IAC 7.5-4-1 as it applies specifically to a horse that has not started for a period of two hundred & forty (240) days or more. A horse that has not started in the previous 240 days is not eligible to start at Horseshoe Indianapolis until it has successfully completed a racing soundness examination administered by the Regulatory or Track Veterinarian. If the Regulatory or Track Veterinarian conducting the racing soundness examination finds the results of the examination to be unsatisfactory or inconclusive as to the racing soundness of the horse, the Veterinarian may, at his/her sole discretion, place the horse on the Veterinarian's List & establish conditions for removal from the list including, but not limited to, laboratory testing of biological samples & an official workout of a specified distance completed within a specified minimum time.

ATTENTION TRAINERS: Please make certain you, your owners & your employees have completed the Indiana Horse Racing Commission licensing process for 2023. In addition, please be aware that the entire ownership for your horse(s) racing must be taken care of prior to race day. Indiana does not have a temporary license (as in other jurisdictions) & they have limited hours. IHRC direct dia1 (317.713.3350).

Thoroughbred trainers are strongly encouraged to send two (2) attendants with each horse that is required to go to the IHRC Test Barn.

Reminder: The HISA riding crop rule applies to all breeds during training. Only specific crops are permitted. To be in compliance with the rules, all crops must have a 360-degree padded foam cylinder or be the ProCush Flat Race Whip by Old Mill Saddlery (this is the ONLY flat crop that is permitted). A list of all conforming crops is available in the Racing Office.
