www.recycle.IN.gov.

How to Recycle with the RECYCLE GUYS!

**INDIANA
DEPARTMENT OF
ENVIRONMENTAL
MANAGEMENT**

-  If not recycled, one quart of used motor oil could pollute **250,000 gallons of drinking water**.
-  Recycling one ton of old paper saves **7,000 gallons of water and 17 trees**.
-  Recycling saves energy and **reduces air pollution** as well as greenhouse gas emissions.
-  Half of all polyester carpet made in the United States is made from **recycled plastic (PET)**.
-  Recycling the steel from six cars can provide enough steel framing for **an entire new house**.
-  Recycling **one glass bottle** saves enough electricity to light a **60-watt bulb for four hours**.
-  Aluminum cans produced in the United States contain **at least 50 percent recycled content**.
-  Americans represent only five percent of the world's population, but generate **30 percent of the world's garbage**.

For more information about recycling in Indiana, call 1-800-988-7901 or visit www.recycle.IN.gov.

Printed on 50% recycled paper.
