SCHOOLS PARTICIPATING IN
CHALLENGE

as of 01/28/2022

The Trex® Plastic Film Recycling Challenge, now in its 15th year, rewards schools and students who collect and recycle as much polyethylene plastic film as possible in the six months between America Recycles Day (Nov. 15) and Earth Day (April 22). As a result of Trex's partnership with Charter Next Generation, winning schools can earn a high-performance composite bench as well as cash prizes that can be used for student education, supplies, and programming.

This is a class at weigh in for one of the pick ups. These students weigh all the plastic and help load it up into transport.

In the eyes of an 8 year old, this is saving the planet, one plastic bag at a time.....
