

Executive Summary:

2.2.1 Summary of ability and desire to supply the required products and services:

J.C. Schultz Enterprises, Inc. dba FlagSource is a customer and technology focused company. Three years ago, the fourth generation of the Christiansen Family stepped up to take on the leadership of the company. As the new leadership team, we have shifted our focus to becoming a customer centric and technology driven organization. We believe this will make us a stronger partner for our customers. Over the past 2 years, we have made significant capital investments to serve the market, including new equipment that increases our capacity three-fold. We have also upgraded our ERP system, built a new website, and added additional color management software. This innovative technology will catapult FlagSource to become the premier large US Flag and Custom Flag manufacturer in the nation. Equipment alone will not get us to the finish line. We have also invested in our team members to create a customer-focused culture. As the new owners, we are committed to making FlagSource the best partner in the industry. This means improving our service levels and customer service outreach. Our entire team is in lockstep with these goals and have pledged their commitment to these goals.

The FlagSource team is committed to providing one of the best customer experiences possible. We are running 24 hours a day to ensure your order ships on time and we are excited to provide you with the highest quality products available.
