

# All Payer Claims Database Advisory Board Meeting

September 28, 2021

9:00 a.m.

IGCS Room A

# Overview

- Purpose of All Payer Claims Databases
- History of All Player Claims Databases
- National All Player Claims Database Landscape

# Purpose of All Payer Claims Database

- Large-scale databases that systematically collect health care claims data from a variety of payer sources
- Ind. Code 27-1-44.5
  - Identifying health care needs and informing health care policy
  - Comparing costs between various treatment settings and approaches
  - Providing information to consumers and purchaser of health care
  - Improving the quality and affordability of patient health care and health care coverage

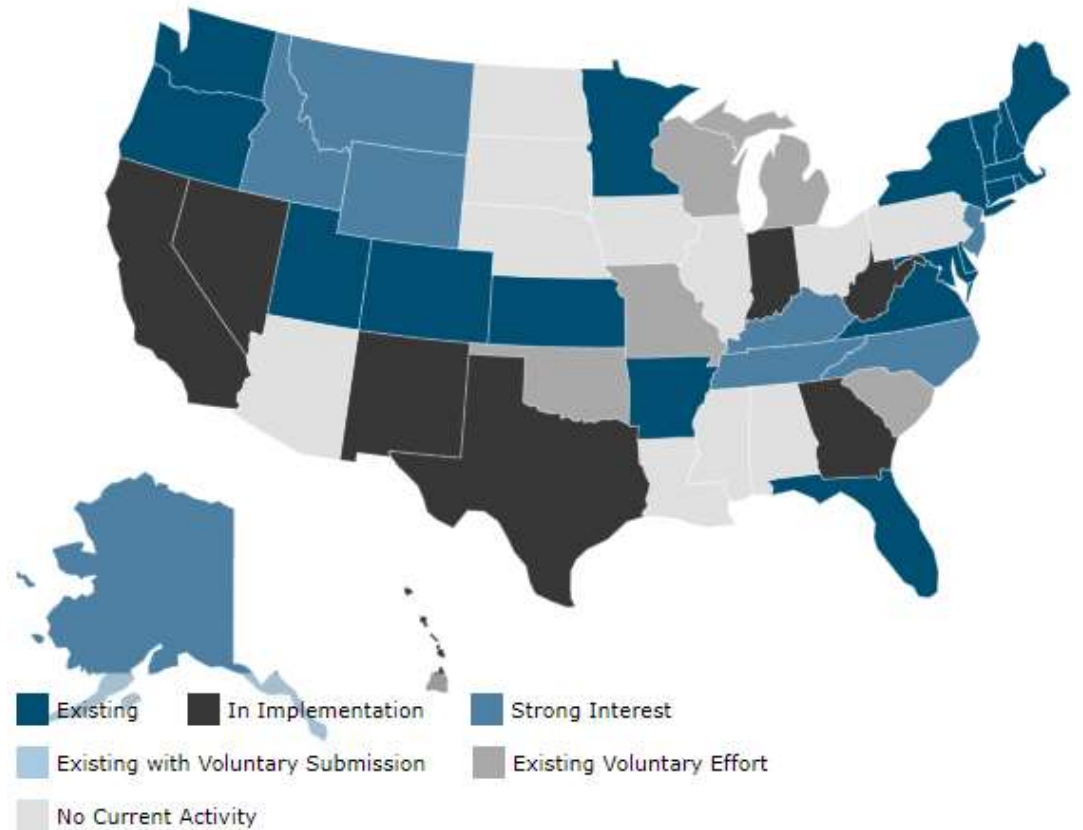

# History of All Payer Claims Database

- Senate Bill 5, 2020 Legislative Session
  - Required the IDOI to submit an RFI and an RFP concerning the establishment and operation of an APCD
  - Stated the APCD will receive and contain information on claims paid by insurers, health maintenance organizations, pharmacy benefit managers, and other payers
- House Bill 1402, 2021 Legislative Session
  - Amended the definition of "health payer" to exempt some policies of accident and sickness insurance
  - Established requirements for the development and administration of the APCD
  - Established APCD advisory board and set forth membership requirements.
  - Specified the duties of the advisory board and the executive director
  - Required the establishment of a fee formula for data licensing and claims data collection and release
