- Audio will be “voice over the internet,” so you will need to use speakers or headphones to hear the presentation.
- Prior to your event, you are strongly encouraged to go to this link to test your connection: **https://indiana.adobeconnect.com/common/help/en/support/meeting_test.htm**. Doing this will indicate if your computer needs any updates or add-ins in order for you to participate fully.
- **IMPORTANT: Do not** log into the webinar using **Citrix or Virtual Private Network (VPN)**. These services may not properly playback audio or provide a solid connection.
