

## **Domestic Violence Programs Covid-19 Shelter Status Update**

- 1) Is your program currently accepting new clients?**
- 2) Does your shelter have space to quarantine clients (who are symptomatic or who have tested positive)?**

### **RI:**

**Stepping Stone** (*Our county has a quarantine response team in place and all shelters are required to quarantine through them if it comes into the shelter.*)

- 1) We will not be closing our doors to new clients unless it is mandated by the county. We are quarantining new clients at our transitional housing facility or a hotel if no room, they are being tested for COVID through Franciscan, then transferred to the shelter once cleared by LP County EMA.
- 2) We are quarantining new clients at our transitional housing facility or a hotel if no room, they are being tested for COVID through Franciscan, then transferred to the shelter once cleared by LP County EMA.

### **Caring Place**

- 1) Yes, still accepting, screening based on lethality
- 2) Yes, Quarantine room available

### **North Central Indiana Rural Crisis Center**

- 1) Yes
- 2) One room is available for quarantine

### **RIA:**

#### **Haven House**

- 1) At this time, we are **not** accepting new clients.
- 2) Quarantine room available, if needed

#### **St. Jude House**

- 1) Yes, accepting new clients based on lethality for the time being
- 2) Yes, through our COC there is an entire floor for clients to go who test positive to quarantine.

#### **Gary Commission for Women**

- 1) not currently accepting new clients
- 2) have one room to accommodate 1-2 quarantined clients should they test positive or present as symptomatic.

### **R2:**

#### **YWCA of North Central Indiana-Elkhart**

- 1) Yes, we are still accepting clients and are requiring they get tested for COVID - 19 prior to arrival. They are then quarantined for five days.
- 2) We do not quarantine internally. Clients who are symptomatic or positive are sent to an undisclosed location in the community.

#### **The Beamen Home:**

- 1) Yes
- 2) Yes

**R2A:**

**YWCA North Central Indiana-South Bend**

- 1) Yes, we are still accepting clients
- 2) We do not quarantine internally. Clients who are symptomatic or positive are sent to an undisclosed location in the community

**R3:**

**YWCA Northeast Indiana (Ft. Wayne)**

- 1) Yes, still accepting new clients
- 2) Yes, isolating and quarantining clients as needed

**R4:**

**YWCA DVPIP (Lafayette)**

- 1) We are taking in 2 new intakes per week. We are screening over phone during assessment and having clients take their temperature each time they return.
- 2) We have a room designated for quarantine and our full status is when every family or single has their own room to quarantine if needed.

**Hope Springs**

- 1) Currently full, but accepting new clients as space allows
- 2) Clients can quarantine in their own rooms. May use isolation center once it is up and running

**Family Crisis Shelter**

- 1) Yes we are continuing to take new clients, but only from our service areas. COVID-19 screening is required upon entry, with temperature checks each day.
- 2) Yes, we have a quarantine room.

**R5:**

**Family Service Association of Howard County:**

- 1) Yes
- 2) Shelter does have a designated, handicap accessible suite for symptomatic clients

**R6:**

**A Better Way**

- 1) Yes.
- 2) We have an apartment at our transitional facility that we will use if necessary for victims in danger within our service area.

**Hands of Hope**

- 1) Yes, We have space at this time and will accept high danger clients, as well as those who law enforcement or other professionals deem as in need of safe shelter.
- 2) We also have one of our bedrooms set aside for quarantine purposes. Currently have one bed open for a single woman who would share a room with another single woman

**R7:**

**CODA**

- 1) Not unless it's an extreme emergency, and they have to agree to self-quarantine for 14 at entry.
- 2) We do have rooms set aside for quarantine.

**R8:**

**Sheltering Wings**

- 1) Effective May 18, removed high lethality stipulation - capping capacity at 55 (reduced census), using the COVID screening tool. Re-evaluating every two weeks to determine if and when to continue to increase the census.
- 2) Yes

**Alternatives:**

- 1) Yes, accepting new clients, screening for lethality
2. Yes, we have one room set aside for quarantine

**R9:**

**Genesis Richmond**

- 1) Yes, still accepting clients; screening for lethality
- 2) Have space available for isolation/quarantine

**R10:**

**Middle Way**

- 1) Still accepting clients, but have reduced capacity. Screening based on lethality
- 2) Quarantine room available on site as well as off site.

**Desert Rose**

- 1) Accepting clients at this time
- 2) Have a quarantine room if needed

**R11:**

**New Directions**

- 1) Screening for lethality, but frequently full

**Turning Point**

- 1) Currently full, continue to accept new clients but only from our service area and with screening
- 2) Yes, we are holding 1 room empty and have rented a 3-bedroom house from Housing Partnerships that we plan to use if needed for quarantine

**R12:**

**Albion**

- 1) Accepting clients that are in high lethality situations. New protocols in place to maintain skeleton crew.
- 2) Clients will have their own room now, so our capacity is still lower than before the pandemic

**YWCA Evansville**

- 1) We will accept new residential clients in our DV program with high lethality risk.
- 2) We are keeping 2 rooms vacant to serve as quarantine rooms for our facility. If the community-wide effort to open up a new quarantine location for homeless population opens, we would likely reduce that to one open room.

**Hope's Voice**

- 1) Hope's Voice continues to serve clients. Those services are following the guidelines by CDC and Governor by practicing social distancing. We have arranged for clients to meet with advocates through virtual means
- 2) Non-Residential

**Crisis Connection**

- 1) Our safe house is in use.
- 2) We continue to see non-residential clients.

**R13:**

**Hoosier Hills, PACT**

- 1.) Accepting new clients as room becomes available.
- 2.) Reserved a room in the shelter for clients who have been quarantined

**R14:**

**Safe passages**

- 1) Currently accepting new clients (from our service area only) into shelter after a 24 to 48-hour quarantine period at a hotel and covid-19 testing. We are using that time to observe them for active symptoms while we wait for test results. We are asking them to quarantine in their rooms until COVID testing results come in.
- 2) Yes, continue to have each client / family in a private room to allow for quarantine.

***IN-503 CoC: Marion County***

**Julian Center**

- 1) Effective Thursday April 20, 2020 will begin bringing in new intakes. Operating at reduced capacity.
- 2) Has quarantine space available

**Salvation Army**

- 1) yes, we are accepting new clients.
- 2) yes, we have separated a room to quarantine clients.
