The Contractor understands and agrees that data, materials, and information disclosed to the Contractor may contain confidential and protected information. The Contractor covenants that data, material and information

gathered, based upon or disclosed to the Contractor for the purpose of this Contract, will not be disclosed to or discussed with third parties without the prior written consent of the State.

The parties acknowledge that the services to be performed by Contractor for the State under this contract may require or allow access to data, materials, and information containing Social Security numbers maintained by the State in its computer system or other records. In addition to the covenant made above in this section and pursuant to 10 IAC 5-3-1(4), the Contractor and the State agree to comply with the provisions of IC 4-1-10 and IC 4-1-11. 13. Continuity of Services

- A. The Contractor recognizes that the service(s) to be performed under this Contract are vital to the State and must be continued without interruption and that, upon Contract expiration, a successor, either the State or another contractor, may continue them. The Contractor agrees to:
 - 1. Furnish phase-in training; and
 - 2. Exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.
- B. The Contractor shall, upon the State's written notice:
 - 1. Furnish phase-in, phase-out services for up to sixty (60) days after this Contract expires; and
 - 2. Negotiate in good faith a plan with a successor to determine the nature and extent of phase-in, phase-out services required. The plan shall specify a training program and a date for transferring responsibilities for each division of work described in the plan, and shall be subject to the State's approval.
- C. The Contractor shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this Contract are maintained at the required level of proficiency. The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this Contract. The Contractor also shall disclose necessary personnel records and allow the successor to conduct on-site interviews with these employees. If selected employees are agreeable to the change, the Contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.
- D. The Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (i.e., costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations.)

14. Debarment and Suspension

The Contractor certifies by entering into this Contract that neither it nor its principals nor any of its subcontractors are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from entering into this Contract by any federal agency or by any department, agency or political subdivision of the State of Indiana. The term "principal" for purposes of this Contract means an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the Contractor.

The Contractor certifies that it has verified the state and federal suspension and debarment status for all subcontractors receiving funds under this Contract and shall be solely responsible for any recoupment, penalties or costs that might arise from use of a suspended or debarred subcontractor. The Contractor shall immediately notify the State if any subcontractor becomes debarred or suspended, and shall, at the State's request, take all steps required by the State to terminate its contractual relationship with the subcontractor for work to be performed under this Contract.

15. Default by State

If the State, sixty (60) days after receipt of written notice, fails to correct or cure any material breach of this Contract, the Contractor may cancel and terminate this Contract and institute measures to collect monies due up to and including the date of termination.

16. Disputes

- A. Should any disputes arise with respect to this Contract, the Contractor and the State agree to act immediately to resolve such disputes. Time is of the essence in the resolution of disputes.
- B. The Contractor agrees that, the existence of a dispute notwithstanding, it will continue without delay to carry out all of its responsibilities under this Contract that are not affected by the dispute. Should the Contractor fail to continue to perform its responsibilities regarding all non-disputed work, without delay, any additional costs incurred by the State or the Contractor as a result of such failure to proceed shall be borne by the Contractor, and the Contractor shall make no claim against the State for such costs.
- C. If the parties are unable to resolve a contract dispute between them after good faith attempts to do so, a dissatisfied party shall submit the dispute to the Commissioner of the Indiana Department of Administration for resolution. The dissatisfied party shall give written notice to the Commissioner and the other party. The notice shall include (1) a description of the disputed issues, (2) the efforts made to resolve the dispute, and (3) a proposed resolution. The Commissioner shall promptly issue a Notice setting out documents and materials to be submitted to the Commissioner in order to resolve the dispute; the Notice may also afford the parties the opportunity to make presentations and enter into further negotiations. Within thirty (30) business days of the conclusion of the final presentations, the Commissioner shall issue a written decision and furnish it to both parties. The Commissioner's decision shall be the final and conclusive administrative decision unless either party serves on the Commissioner and the other party, within ten (10) business days after receipt of the Commissioner's decision, a written request for reconsideration and modification of the written decision. If the Commissioner does not modify the written decision within thirty (30) business days, either party may take such other action helpful to resolving the dispute, including submitting the dispute to an Indiana court of competent jurisdiction. If the parties accept the Commissioner's decision, it may be memorialized as a written Amendment to this Contract if appropriate.
- D. The State may withhold payments on disputed items pending resolution of the dispute. The unintentional nonpayment by the State to the Contractor of one or more invoices not in dispute in accordance with the terms of this Contract will not be cause for the Contractor to terminate this Contract, and the Contractor may bring suit to collect these amounts without following the disputes procedure contained herein.
- E. With the written approval of the Commissioner of the Indiana Department of Administration, the parties may agree to forego the process described in subdivision C. relating to submission of the dispute to the Commissioner.
- F. This paragraph shall not be construed to abrogate provisions of Ind. Code 4-6-2-11 in situations where dispute resolution efforts lead to a compromise of claims in favor of the State as described in that statute. In particular, releases or settlement agreements involving releases of legal claims or potential legal claims of the state should be processed consistent with Ind. Code 4-6-2-11, which requires approval of the Governor and Attorney General.

17. Drug-Free Workplace Certification

As required by Executive Order No. 90-5 dated April 12, 1990, issued by the Governor of Indiana, the Contractor hereby covenants and agrees to make a good faith effort to provide and maintain a drug-free workplace. The Contractor will give written notice to the State within ten (10) days after receiving actual notice that the Contractor, or an employee of the Contractor in the State of Indiana, has been convicted of a criminal drug violation occurring in the workplace. False certification or violation of this certification may result in sanctions including, but not limited to,

suspension of contract payments, termination of this Contract and/or debarment of contracting opportunities with the State for up to three (3) years.

In addition to the provisions of the above paragraph, if the total amount set forth in this Contract is in excess of \$25,000.00, the Contractor certifies and agrees that it will provide a drug-free workplace by:

Upon receipt of such notice, all obligations under this Contract shall be immediately suspended. Contractor certifies compliance with applicable federal laws, regulations, and executive orders prohibiting discrimination based on the Protected Characteristics in the provision of services. The State is a recipient of federal funds, and therefore, where applicable, Contractor and any subcontractors shall comply with requisite affirmative action requirements, including reporting, pursuant to 41 CFR Chapter 60, as amended, and Section 202 of Executive Order 11246 as amended by Executive Order 13672.

35. Ownership of Documents and Materials

- A. All documents, records, programs, applications, data, algorithms, film, tape, articles, memoranda, and other materials (the "Materials") not developed or licensed by the Contractor prior to execution of this Contract, but specifically developed under this Contract shall be considered "work for hire" and the Contractor hereby transfers and assigns any ownership claims to the State so that all Materials will be the property of the State. If ownership interest in the Materials cannot be assigned to the State, the Contractor grants the State a non-exclusive, non-cancelable, perpetual, worldwide royalty-free license to use the Materials and to use, modify, copy and create derivative works of the Materials.
- B. Use of the Materials, other than related to contract performance by the Contractor, without the prior written consent of the State, is prohibited. During the performance of this Contract, the Contractor shall be responsible for any loss of or damage to the Materials developed for or supplied by the State and used to develop or assist in the services provided while the Materials are in the possession of the Contractor. - B. The State Budget Agency and the Contractor acknowledge that Contractor is being paid in advance for the maintenance of equipment and / or software. Pursuant to IC §4-13-2-20(b)(14), Contractor agrees that if it fails to perform the maintenance required under this Contract, upon receipt of written notice from the State, it shall promptly refund the consideration paid, pro-rated through the date of non-performance.

37. Penalties/Interest/Attorney's Fees.

The State will in good faith perform its required obligations hereunder and does not agree to pay any penalties, liquidated damages, interest or attorney's fees, except as permitted by Indiana law, in part, IC §5-17-5, IC §34-54-8, IC §34-13-1 and IC § 34-52-2-3.

Notwithstanding the provisions contained in IC §5-17-5, any liability resulting from the State's failure to make prompt payment shall be based solely on the amount of funding originating from the State and shall not be based on funding from federal or other sources.

38. Progress Reports

The Contractor shall submit progress reports to the State upon request. The report shall be oral, unless the State, upon receipt of the oral report, should deem it necessary to have it in written form. The progress reports shall serve the purpose of assuring the State that work is progressing in line with the schedule, and that completion can be reasonably assured on the scheduled date.

42. Substantial Performance

This Contract shall be deemed to be substantially performed only when fully performed according to its terms and conditions and any written amendments or supplements.

43. Taxes

The State is exempt from most state and local taxes and many federal taxes. The State will not be responsible for any taxes levied on the Contractor as a result of this Contract.

This Contract may be terminated, in whole or in part, by the State, which shall include and is not limited to the Indiana Department of Administration and the State Budget Agency whenever, for any reason, the State determines that such termination is in its best interest. Termination of services shall be effected by delivery to the Contractor of a Termination Notice at least thirty (30) days prior to the termination effective date, specifying the extent to which performance of services under such termination becomes effective. The Contractor shall be compensated for services properly rendered prior to the effective date of termination. The State will not be liable for services performed after the effective date of termination. The Contractor shall be compensated for services herein provided but in no case shall total payment made to the Contractor exceed the original contract price or shall any price increase be allowed on individual line items if canceled only in part prior to the original termination date. For the purposes of this paragraph, the parties stipulate and agree that the Indiana Department of Administration shall be deemed to be a party to this agreement with authority to terminate the same for convenience when such termination is determined by the Commissioner of IDOA to be in the best interests of the State.

INDIANA DEPARTMENT OF TRANSPORTATION (INDOT) and OTHER STATE AGENCIES (OSAs)
2017/2018 SALT SPECIFICATIONS & SPECIAL PROVISIONS
FOR UNTREATED SODIUM CHLORIDE & SODIUM CHLORIDE TREATED WITH MAGNESIUM CHLORIDE

These specifications, terms, and conditions apply to salt for INDOT and Other State Agency locations identified within this solicitation. *These specifications will not apply to the Local Governmental Entities included in this solicitation.*

1.0 SCOPE OF WORK

The work to be performed consists of furnishing and delivering sodium chloride to various locations throughout Indiana for use in winter maintenance operations. Sodium Chloride will be in accordance with the 2016 Indiana Department of Transportation Standard Specifications (Sections 913.03) and the Supplemental Specifications at bid due date and time, and all applicable rules and regulations at the federal, state and local levels.

2.0 SPECIFICATIONS

All material furnished shall be (1) uniform in appearance, free flowing, free of visual evidence of foreign matter including but not limited to dirt, stone, trash, or any other material; (2) chemically treated to prevent caking, and shall be free of foreign matter, lumps and free water.

Sodium Chloride

Sodium Chloride shall be rock salt or solar salt conforming to the requirements of AASHTO M 143, Type I Grade I, with a moisture content not exceeding two (2) percent.

Sodium Chloride treated with Liquid Magnesium Chloride

Sodium Chloride treated with Liquid Magnesium Chloride shall be rock salt or solar salt conforming to the requirements of AASHTO M 143, Type I Grade I, treated with Liquid Magnesium Chloride with a moisture content not exceeding five and three tenths (5.3) percent.

The finished product shall not be less than 91.3% sodium chloride determined as follows: Apparent total % sodium chloride shall be determined in accordance with ASTM-D-632. Magnesium and calcium content shall be determined in accordance with ASTM E-534 and computed as % magnesium chloride and % calcium chloride respectively. % sodium chloride shall then be computed as follows:

$\% \text{ sodium chloride} = \% \text{ apparent sodium chloride} - (\% \text{ magnesium chloride} + \% \text{ calcium chloride})$

Sampling shall be in accordance with Indiana Testing Method (ITM) 810. Sampling frequency shall be as set out in the INDOT manual entitled, "Manual for Frequency of Sampling and Testing and Basis for Use of Materials, revised January 2017" The rapid test method referenced in AASHTO M 143, Annex A1 shall be used for both routine acceptance testing and for resolution of disputes concerning chemical composition. Material not complying with these requirements shall be paid for at a reduced price as set out under "Deductions" in the Special Provisions (See Section 8.0).

3.0 INSPECTION

All Sodium Chloride delivered will be visually inspected at time of delivery and samples taken for laboratory analysis of gradation, purity and moisture content in accordance with ITM 810.

4.0 REJECTION

Any material delivered which contains lumps, foreign matter or free water shall be rejected. In the event the material has been loaded or dumped prior to rejection it shall be immediately reloaded or removed by the vendor within 48 hours of notification of rejection. Failure to remove the material will result in liquidated damages in the amount of \$10.00 per ton for each day the salt remains on INDOT/OSA property.

5.0 DELIVERY

Deliveries shall be made during regular working hours when possible, and will be accepted at other times only when prior arrangements have been approved by the District Highway Maintenance Director, designee, or the District personnel responsible for coordinating salt deliveries (INDOT only). For OSAs, prior arrangements will need to be approved by the OSA contact responsible for coordinating salt deliveries. No payments from INDOT will be made for any load for which a delivery ticket, signed by an Indiana Department of Transportation representative, cannot be produced. Delivery tickets for all deliveries shall indicate gross, tare and net weights, order number, locations of stockpile from which shipment is made, and point of delivery. Weights will be checked at random for accuracy of the delivery ticket weights. The Indiana Department of Transportation and OSAs reserve the right to require any truck to go to the nearest available certified scales to check weights at no additional cost to the Indiana Department of Transportation or OSA.

A. Routine Deliveries Beyond Early Delivery Final Date

Vendor shall make delivery in trucks with solid or waterproof tarps to stockpile locations within any Sub-District location for which it has received Award of Contract. Delivery shall be completed within nine (9) calendar days after placement of order. For each calendar day that delivery extends beyond this 9-day limit, INDOT and OSAs reserve the right to assess liquidated damages at two percent (2%) per day not to exceed a maximum of 10% of the order and will be deducted from any money due the Vendor, not as a penalty but as liquidated damages. Orders shall be placed by telephone during regular working hours to the office specified by the vendor. The vendor should provide a single telephone number for all orders made for each purchase order. The vendor shall provide order confirmation via e-mail or fax, so that each INDOT District and OSA can provide verification for each telephone order.

B. Early Delivery Period

The vendor shall furnish and deliver the Early Storage Requirements at the locations listed on the attached sheets (Bid List.xls, "Early Storage Requirements" spreadsheet) at all salt storage buildings or outside storage areas as follows:

- La Porte and Fort Wayne INDOT Districts: 50% of order delivered on or before October 15, 2017 and 100% delivered on or before November 15, 2017.
- Crawfordsville, Greenfield, Seymour, and Vincennes INDOT Districts: 50% of order delivered on or before November 1, 2017 and 100% delivered on or before December 1, 2017.

For each calendar day that early storage requirements for each bidding unit are not complete after the time specified, INDOT reserves the right to assess liquidated damages at two percent (2%) per day not to exceed a maximum of 10% of the order and will be deducted from any money due the Vendor, not as a penalty but as liquidated damages. INDOT is committed to purchasing 100% of the Early Fill amounts listed by INDOT district (as listed in the INDOT Early Fill Requirement spreadsheet), not sub-district.

6.0 BASIS OF PAYMENT

The Indiana Department of Transportation and OSAs are requesting bid prices as specified in Bid List.xls. Pricing submitted by respondents will be the price for purchases from 0% to the maximum of the commitment range of 120%. Any additional tons needed beyond 120 percent will be by mutual agreement of the parties, including the price thereof.

The quantities shown by INDOT sub-district are estimates only and may be adjusted at the option of the Indiana Department of Transportation. INDOT commits to purchase at least 80% of the total tonnage listed by district; each OSA commits to purchase 80% of each entity's requested tonnage. The quantities in the Bid List.xls are 100%.

- 80-120% Commitment Range - All INDOT Districts (Crawfordsville, Fort Wayne, Greenfield, LaPorte, Seymour, and Vincennes)
- "Delivered" is price of salt per ton delivered to the INDOT or OSA location
- "Delivered + Loaded" is price of salt per ton to deliver to the INDOT or OSA location and load the salt via a conveyor (see section 9.0 for loading requirements)
- "Pick-Up" is the price of the salt per ton

7.0 INVOICING

The Indiana Department of Transportation and OSAs require the vendor to invoice the Indiana Department of Transportation or OSA for each Subdistrict location (or OSA facility) where business has been transacted. Invoices shall itemize the daily activity for that Subdistrict/location.

In accordance with Section 5.0, DELIVERY and Section 8.0, DEDUCTIONS of the Specifications & Special Provisions, the Indiana Department of Transportation and OSAs will notify the vendor(s) in writing no more than twice a month for each Unit or Subdistrict location (or OSA facility) when liquidated damages for late deliveries or deductions for non-compliance with specifications are being assessed. The vendor(s) shall submit a credit memorandum to INDOT (or OSA) for the assessed liquidated damages or deductions within fifteen (15) calendar days from the date of written notification from INDOT or OSA.

Payment will be made following necessary testing and evaluation as described in the contract terms. INDOT and OSAs shall complete necessary testing and evaluation within ten (10) calendar days after receipt; if the department fails to test and evaluate within this timeframe, payment shall at such time be authorized.

8.0 DEDUCTIONS

After testing sodium chloride, deductions will be made for non-compliance with specifications on the following basis:

A. CHEMICAL COMPOSITION

Sodium Chloride

Results of the purity test shall be rounded up to the nearest whole percentage point. (.5 rounded up). A deduction of \$1.00 (one dollar) per ton will be made for each percentage point from 94 percent through 90 percent and \$2.00 (two dollars) per ton for each percentage point from 89 percent through 85 percent. Material with purity less than 84.5 percent will be paid for as snow and ice abrasives at a rate of \$4.00 (four dollars) per ton.

Sodium Chloride treated with Liquid Magnesium Chloride

Results of the purity test shall be rounded up to the nearest whole percentage point. (.5 rounded up). A deduction of \$1.00 (one dollar) per ton will be made for each percentage point from 91 percent through 87 percent and \$2.00 (two dollars) per ton for each percentage point from 86 percent through 82 percent. Material with purity less than 81.5 percent will be paid for as snow and ice abrasives at a rate of \$4.00 (four dollars) per ton.

Deduction	Sodium Chloride	Sodium Chloride treated with Liquid Magnesium Chloride
\$1.00 per Ton	94 – 90 %	91 – 87 %
\$2.00 per Ton	89 – 85 %	86 – 82 %
Paid at \$4.00 per Ton	Less than 84.5 %	Less than 81.5 %

B. MOISTURE

Sodium Chloride

If the moisture content exceeds two (2) percent, the weight to be paid for will be the gross weight of the Sodium Chloride minus twice the weight of the excess moisture computed as follows: Weight to be paid for = $G \times (104 - 2(m)) / 100$

G=Gross weight of material (wet).

M=Percent of moisture to the nearest 0.5 percent based on oven dry weight.

Sodium Chloride treated with Liquid Magnesium Chloride

If the moisture content exceeds five and three tenths (5.3) percent, the weight to be paid for will be the gross weight of the Sodium Chloride minus twice the weight of the excess moisture computed as follows:

Weight to be paid for = $G \times (104 - 2(m)) / 100$

G=Gross weight of material (wet).

M=Percent of moisture to the nearest 0.5 percent based on oven dry weight.

C. GRADATION

Sieve Sizes	Percent Passing
½ inch (12.5mm)	100
3/8 inch (9.5 mm)	95 - 100
No. 4 (4.75 mm)	20 - 95
No. 8 (2.36 mm)	10 - 65
No. 30 (0.60 mm)	0 - 20

When test results for the Sodium Chloride furnished exceed the gradation requirements above, adjustment points will be assessed as follows:

ADJUSTMENT POINTS FOR GRADATION

Sieve Size

Adjustment Points	½ inch	3/8 inch	No. 4	No. 8	No.30
	12.5 mm	9.5 mm	4.75 mm	2.36 mm	0.60 mm
For each 1.0% up to 3.0%					
Out of Tolerance	1.0	1.0	1.0	1.0	2.0
For each 1.0% > 3.0%					
Out of Tolerance	1.0	1.0	1.0	1.0	3.0

Gradation adjustment points for the quantity represented shall be the sum of points calculated for up to 3% out of tolerance and the points calculated for greater than 3% out of tolerance.

The minimum required number of tests will be as set out in "INDOT Manual for Frequency of Sampling and Testing and Basis for Use of Material, revised January 2017. Samples will be taken by or under the supervision of a representative of the department. All materials being used are subject to inspection, test, or rejection at any time.

Where the Indiana Department of Transportation or OSA determines that a sample does not meet specifications in chemical composition, moisture and gradation, the following shall be the method of determining the final price per ton:

- 1) First, tons eligible for payment shall be calculated as noted in Section B. Moisture.
- 2) Second, a deduction, as specified above, will be made for gradation failure.
- 3) Finally, the deduction will be determined for chemical composition, unless the chemical composition falls below 84.5 percent at which time the entire amount will be paid for as snow and ice abrasives as noted in Section A, Chemical Composition.

9.0 REQUIREMENTS FOR DELIVERY

A. Untreated Sodium Chloride

Sodium Chloride shall be rock salt or solar salt conforming to the requirements of AASHTO M 143, Type I Grade I, with a moisture content not exceeding two (2) percent.

1) Chemical Composition

Results of the purity test will be rounded to the nearest whole percentage point (0.5 rounded up). A deduction of \$1.00 (one dollar) per ton will be made for each percentage point from ninety-four percent (94%) through ninety percent (90%) and \$2.00 (two dollars) per ton for each percentage point from eighty-nine percent (89%) through eight-five percent (85%). Material with purity less than eighty-four point five percent (84.5%) will be paid for as snow and ice abrasives at a rate of \$4.00 (four dollars) per ton.

Deduction	Sodium Chloride
\$1.00 per Ton	94 – 90 %
\$2.00 per Ton	89 – 85 %
\$4.00 per Ton	Less than 84.5 %

2) Moisture

If the moisture content of Untreated Sodium Chloride exceeds two percent (2%), the weight to be paid for will be the gross weight of the Sodium Chloride minus twice the weight of the excess moisture computed as follows:

$$\text{Weight to be paid for} = G \times (104 - 2(m)) / 100$$

G = Gross weight of material (wet)

m = Percent of moisture to the nearest 0.5 percent based on oven dry weight

3) Gradation

Percents passing the given sieve sizes shall be as follows:

Sieve Sizes	Percent Passing
½ inch (12.5mm)	100
3/8 inch (9.5 mm)	95 - 100
No. 4 (4.75 mm)	20 - 90
No. 8 (2.36 mm)	10 - 60
No. 30 (0.60 mm)	0 - 15

When test results for the Sodium Chloride furnished exceed the gradation requirements above, adjustment points will be assessed as follows:

Adjustment Points	Sieve Size				
	½in. 12.5mm	3/8in. 9.5mm	No.4 4.75mm	No.8 2.36mm	No.30 0.60mm
For each 1.0% up to 3.0% Out of Tolerance	1.0	1.0	1.0	1.0	2.0
For each 1.0% > 3.0% Out of Tolerance	1.0	1.0	1.0	1.0	3.0

Gradation adjustment points for the quantity represented shall be the sum of points calculated for up to 3% out of tolerance and the points calculated for greater than 3% out of tolerance.

Where Buyers determine that a sample does not meet specifications in chemical composition, moisture, and/or gradation, the following shall be the method of determining the final price per ton:

- a) First, tons eligible for payment shall be calculated as noted above in *Section 2 – Moisture*.
- b) Second, a deduction, as specified above, will be made for gradation failure.
- c) Finally, the deduction will be determined for chemical composition, unless the chemical composition falls below eighty-four point five percent (84.5%) at which time the entire amount will be paid for as snow and ice abrasives as noted above.

B. Treated Sodium Chloride

Sodium Chloride treated with Liquid Magnesium Chloride shall be rock salt or solar salt conforming to the requirements of AASHTO M 143, Type I Grade I, treated with Liquid Magnesium Chloride with a moisture content not exceeding five and three tenths (5.3) percent.

The finished product shall not be less than 91.3% Sodium Chloride determined as follows: Apparent total % sodium chloride shall be determined in accordance with ASTM-D-632. Magnesium and calcium content shall be determined in accordance with ASTM E-534 and computed as % magnesium chloride and % calcium chloride respectively. % sodium chloride shall then be computed as follows:

$$\% \text{ sodium chloride} = \% \text{ apparent sodium chloride} - (\% \text{ magnesium chloride} + \% \text{ calcium chloride})$$

1) Chemical Composition

Results of the purity test will be rounded to the nearest whole percentage point (0.5 rounded up). A deduction of \$1.00 (one dollar) per ton will be made for each percentage point from ninety-one percent (91%) through eighty-seven percent (87%) and \$2.00 (two dollars) per ton for each percentage point from eighty-six percent (86%) through eight-two percent (82%). Material with purity less than eighty-one point five percent (81.5%) will be paid for as snow and ice abrasives at a rate of \$4.00 (four dollars) per ton.

Deduction	Sodium Chloride
\$1.00 per Ton	91 – 87 %
\$2.00 per Ton	86 – 82 %
\$4.00 per Ton	Less than 81.5 %

2) Moisture

If the moisture content of Treated Sodium Chloride exceeds five and three tenths percent (5.3%), the weight to be paid for will be the gross weight of the Sodium Chloride minus twice the weight of the excess moisture computed as follows:

$$\text{Weight to be paid for} = G \times (104 - 2(m)) / 100$$

G = Gross weight of material (wet)

m = Percent of moisture to the nearest 0.5 percent based on oven dry weight

3) Gradation

Where Buyers determine that a sample does not meet specifications in chemical composition, moisture, and/or gradation, the following shall be the method of determining the final price per ton:

- d) First, tons eligible for payment shall be calculated as noted above in *Section 2 – Moisture*.
- e) Second, a deduction, as specified above, will be made for gradation failure.

III. INSPECTION

All Sodium Chloride delivered will be visually inspected by Buyer at the time of delivery and samples may be tested for gradation, purity, and moisture content in accordance with Indiana Testing Method (ITM) 810. All materials being used are subject to inspection, test, or rejection at any time.

IV. REJECTION

Any material delivered which contains lumps, foreign matter, free water, or otherwise fails to conform to the requirements contained herein, shall be rejected. In the event the material has been dumped prior to rejection it shall be immediately reloaded or removed by the Contractor within forty-eight (48) hours of notification of rejection. Buyers shall not be responsible for either the cost of rejected material or the cost to dispose of rejected material not picked up by Contractor within forty-eight (48) hours of the rejection. Buyers reserve the right to offset those costs against any future payments to Contractor at a rate of \$10.00 per ton for each day the salt remains at the delivery site.

V. DELIVERY

All deliveries must be coordinated with the Ordering/Local Governmental Entity prior to delivery. No payments will be made for any load for which a delivery ticket, signed by a Buyer representative, cannot be produced. Delivery tickets for all deliveries shall indicate gross, tare and net weights, order number, locations of stockpile from which shipment is made, and point of delivery. Weights will be checked at random for accuracy of the delivery ticket weights. Buyers reserve the right to require any truck to go to the nearest available certified scales to verify load weights on the truck at no cost to the Buyer.

Vendor shall make deliveries in trucks with solid or waterproof tarps to various stockpile locations, as defined in Bid List.xls, for which it has received an Award of Contract. Delivery shall be completed within nine (9) calendar days after placement of order. For each calendar day that delivery extends beyond this 9-day limit, \$200.00 will be deducted from any money due the vendor, not as a penalty, but as liquidated damages. Orders shall be placed by telephone during regular working hours to the office specified by the vendor. The vendor should provide a single telephone number for all orders made for each purchase order. The vendor shall provide order confirmation via e-mail or fax, so that each Entity can provide verification for each telephone order.

The Vendor will be responsible for any damage to the salt delivery areas/buildings resulting from improper piling of salt. Further, the Vendor may be required to move any material improperly stacked.

VI. BASIS OF PAYMENT

Payment for all Sodium Chloride shall be for the negotiated Contract per-ton-price (either untreated or treated), furnished and delivered to the various locations as designated. There shall be no other charges.

Delivered price is the price per ton of salt delivered to the specified local entities. Price submitted by respondent is the price for purchases from 0% to the maximum of the commitment range of 120%. *Any additional tons needed beyond the maximum commitment range (120%) will be by mutual agreement of the parties, including the price thereof.*

Local Governmental Entities commit to purchase at least 80% of the total tonnage; quantity listed in Bid List.xls is 100%. Local Governmental Entities are individually-operated entities responsible for their individual quantities committed as listed in Bid List.xls. Respondents cannot bid on specific locals within an INDOT district; if respondent is awarded Local Governmental Entities' business for an INDOT district, the awarded vendor will hold supply up to 120% for each Local Governmental Entity listed in the INDOT district awarded.

VII. INVOICING

Request for payment on deliveries shall be made monthly for all materials furnished to the Buyer/Local Governmental Entity and all details surrounding the billing and payment shall be between the Local Governmental Entity and the Contractor.

In accordance with *Section II – SPECIFICATIONS and Section V – DELIVERY*, the Local Governmental Entities will notify the vendor(s) in writing no more than twice a month when liquidated damages for late deliveries or deductions for non-compliance with specifications are being assessed. The vendor(s) shall submit a credit memorandum to the Local Governmental Entity for the assessed liquidated damages or deductions within fifteen (15) calendar days from the date of written notification from the Local Governmental Entity.

Payment will be made following necessary testing and evaluation as described in the contract terms. The Entity shall complete necessary testing and evaluation within ten (10) calendar days after receipt; if the Entity fails to test and evaluate within this timeframe, payment shall at such time be authorized.

VIII. DEFINITIONS AND TERMS

For the purposes of this contract, calendar day and work day shall be defined as:

Calendar Day – Every day shown on the calendar.

Work Day – A calendar day, exclusive of Saturdays, Sundays and State recognized legal holidays.

IX. FAILURE TO MEET OBLIGATIONS

If the vendor is unable to meet its agreement obligations as set out in this invitation, the local governmental entity at its option, may purchase material from any other available source on the open market, may cancel the agreement or applicable portions thereof, and/or may award the portions so cancelled to another supplier. Exhibit D – Performance Metrics and Corrective Actions

This document is an exhibit to the Contract, and is deemed to be attached to and incorporated within the Contract by reference. Any inconsistency, conflict, or ambiguity between this exhibit and the Contract shall be resolved by giving precedence and effect to the Contract.

A. Performance Metrics

The State has developed a set of performance metrics and targets, defined in **Section 1 (C) – Reporting**, **Section 1 (E) – Timely Responses to Inquiry**, **Exhibit B – INDOT & Other State Agencies Specifications**, and **Exhibit C – Local Governmental Entities Specifications**, which the Contractor shall meet or exceed in order to be in good standing on the contract. The performance for the metrics referenced in **Section 1 (C) – Reporting** and **Section 1 (E) – Timely Responses to Inquiry** and invoice credits shall be reviewed quarterly by the State Contract Manager and can be discussed via quarterly conference call or via email.

Invoice Credits will only be applied to Reporting or Timely Response non-compliance issues. Deductions resulting from non-compliance of the Scopes of Work listed in **Exhibit B – INDOT & Other State Agencies Specifications** and **Exhibit C – Local Governmental Entities Specifications** are detailed in these documents and will be applied by the purchasing entity per the guidelines and timeframes set forth in these documents.

B. Corrective Actions for Non-Compliance

In addition to Invoice Credits, the Contractor may be subject to Corrective Actions as detailed below. Once a final scorecard, which will include the above referenced performance metrics, has been developed, the State contract manager will calculate a score for the contractor's overall performance.

- Non-compliance with General Contract Provisions

The State monitors certain quality and performance standards, and holds the Contractor accountable for delivering the scope of work, as defined in **Exhibit B – INDOT & Other State Agencies Specifications** and **Exhibit C – Local Governmental Entities Specifications** of the Contract, and being in compliance with contract terms. The State accomplishes this by working collaboratively with the Contractor to maintain and improve programs, and not to impair Contractor stability. The State may enforce any of the remedies listed in this section if the Contractor is non-compliant with the contract.

- Non-compliance with Reporting Requirements

Reports submitted incorrectly or not delivered complete, on time, and in the correct reporting formats, as defined in **Section 1 (C)** of the Contract, constitute contractual non-compliance and the State may require corrective action(s) as described in this Section. The State may change the frequency of required reports, or may require additional reports, at the State's reasonable discretion.

- Non-compliance with Performance Metrics

The State has developed a set of Performance Metrics as defined above in this Exhibit that the Contractor shall meet or exceed in order to be in good standing on the contract. The Performance Metrics shall be reviewed quarterly by the State Contract Manager to identify any issues requiring immediate attention from the State and Contractor.

- Corrective Actions

In the event that the Contractor fails to meet contract requirements, performance requirements or reporting standards set forth in the Contract, the State will provide the Contractor with a written notice of non-compliance and may require any of the corrective actions or remedies discussed below. The State will provide written notice of non-compliance to the Contractor within sixty (60) calendar days of the State's discovery of such non-compliance.

If the State elects not to exercise any Corrective Actions in a particular instance, this decision must not be construed as a waiver of the State's right to pursue future assessment of that performance requirement and associated damages, including damages that, under the terms of the Contract, may be retroactively assessed.

The nature of the corrective action(s) shall depend upon the nature, severity and duration of the deficiency and repeated nature of the non-compliance. The written notice of non-compliance corrective actions may be instituted in any sequence and include, but are not limited to, any of the following:

- Written Warning: The State may issue a written warning and solicit a response regarding the Contractor's corrective action.
- Formal Corrective Action Plan: The State may require the Contractor to develop a formal corrective action plan (CAP) detailing the actionable cure for remedying the issue or issues of each performance metric in need of correction. The CAP must be submitted under the signature of the Contractor's chief executive within (5) business days of request. Upon receipt of the CAP, the State shall review and advise of any questions. If the State has no objections to the plan, the plan shall be implemented within (24) hours. From that point, the Contractor has the agreed upon timeline to cure the issues. The timeline shall be determined by the State. If the CAP is not acceptable, the State may provide suggestions and direction to bring the Contractor into compliance. If the Contractor still has any issue associated with the Corrective Action Plan purpose, by the end of the timeline, the State shall obtain a credit of \$1,000 from the Contractor in the form of a check with the supportive reporting model, unless the credit is waived by the State Contract Manager in writing.
- Contract Termination: The State reserves the right to terminate the contract pursuant to the contract termination clauses.

Good Day Eric,

The Indiana Economic Impact form & spreadsheet for this year only allows for 4 subcontractors.

Last year our document had five boxes we could fill in and we used all five.
Referring to cells in G,H-I on Attachment C

If we have more than 4 subcontractors this year should we fill the document out twice and send two files or will you amend the file for additional boxes and issue an addendum?

2. Line 16: Enter total amount of this proposal, bid, or current contract.

This figure is the respondent's total cost proposal to the the state (as submitted in Attachment D, Cost Proposal Template). Additionally, this total shall be utilized when completing your Attachment A, MWBE Subcontractor Commitment Form.

3. Lines 18 and 21 measure the full-time equivalent (FTE) count of Indiana residents; this number will be auto-populated on Attachment C worksheet. Respondents shall populate the yellow-shaded cells in the FTE Details worksheet.

The state defines FTE as a measurement of an employee's productivity on a specific project or contract. An FTE of 1 would mean that there is one worker fully engaged on a project. If there are two employees each spending 1/2 of their working time on a project that would also equal 1 FTE.

Please populate the yellow-shaded cells in the FTE Details worksheet.

Respondents shall provide a job title for each of the FTE's proposed for The State of Indiana contract as well as the number of FTE that job title contributes to the total.

PROJECT MANAGER - 1 FTE

Please keep in mind that the only FTE's that should be included in this count are Indiana employees working on this contract ONLY. If there are 10 employees working on this contract but they are splitting their time with numerous other contracts as well, then these employees cannot be counted as 1 FTE. Instead, these employees should be counted as a fraction of an FTE. For example: 10 employees working on 4 contracts (1 of them being the State of Indiana contract) - each of the 10 employees would only count as 1/4 of an FTE or .25. Therefore, the total number of FTE's for this scenario would be 2.5.

FTE DETAILS
Job Titles and Contributing FTE

- Populate the yellow-shaded cells; with all applicable job titles and the total FTE count.
 - Respondents may insert additional rows to account for all job titles attributing to the total FTE count.
 Please keep in mind that the only FTE's that should be included in this count are Indiana employees working on this contract ONLY. If there are 10 employees working on this contract but they are splitting their time with numerous other contracts as well, then these employees cannot be counted as 1 FTE. Instead, these employees should be counted as a fraction of an FTE. For example: The project length of the contract is 24 months. There are 10 employees working on the contract over the 24 month contract period. 5 employees are working solely on the project for 24 months. 3 employees are working equal time on 2 projects for 24 months. 2 employees are working solely on the project for 6 months.
 The FTEs would be calculated as follows:
 5 employees x 24 months (24 months working solely on this project) x 1 (time spent solely on this project) = 120 months / 24 months (length of contract) = 5 FTEs
 3 employees x 24 months x .5 (splitting time equally between 2 projects) = 36 months / 24 months = 1.5 FTEs
 2 employees x 6 months (6 months dedicated solely to this project) x 1 (time spent solely on this project) = 12 months / 24 months = .5 FTEs

Column Title Definitions:
 Number of Employees = Number of employees working on this State contract.

 Time Spent (Percentage) = Percentage of time the employee(s) will be working on the contract.

It is the State's intent to award to one vendor all three delivery methods (i.e. delivered, delivered/loaded, and pick-up) per salt type, district, and entity. For examples of what constitutes a valid bid, please see Instructions tab of Bid List.

Carriers for the State of Indiana Salt Bid:

We are currently working on the Salt bid for the State of Indiana, which promotes greater participation by minority owned (MBE), woman owned (WBE and MWBED), and Veterans' (IVBE) businesses in its procurement and contracting opportunities. The state has a goal of 4% Minority participation, 9% Women participation, and Veterans participation. I have attached a list of state certified diversity businesses and ask that you contact them and use them when possible during the season so we can contribute to these efforts and help reach these goals.

Please submit a listing of the attached businesses that you may be able to use, **along with a letter from the certified business on their letterhead stating and serving as acknowledgement of the subcontract and listing a description of services to be provided** . INVOICE AUTOMATION PROGRAM

The purpose of the Invoice Automation Program is to enable the state of Indiana to establish a more efficient, cost-effective method of processing payments by going paperless.

The program is designed as an alternative to the traditional method of submitting paper copies of invoices. Vendors will be authorized to enter invoices directly into the state's new system thus enabling both the state of Indiana and vendors with the ability to track and monitor their payments. Thus adding transparency to ensure invoices are being processed and paid on time. In addition, this program will result in a significant reduction in printing and

mailing paper copies to the respective state agency and avoid invoices being lost in transit.

The appropriate email address will be indicated under the Instructions & Comments section of the Purchase Order.

Please indicate your agreement to submit invoices electronically via email to the State of Indiana and other governmental agencies.

1. **Term:** The term of this agreement shall be for that period shown on the Quantity Purchase Agreement.
2. **Patents:** The Contractor agrees to defend, at its own expense, the State of Indiana and the Using Agency and to hold it harmless with respect to any claims that the equipment furnished by the Contractor under this agreement infringes or allegedly infringes any patents of the United States and with respect to any and all suits, controversies, demands, and liabilities arising out of such claim; provided that the foregoing shall not apply to infringement resulting from Contractor's use of a patented invention required to comply with the written instructions of the State, if such patented invention is not normally utilized by the Contractor, and provided that the State:
 - A. Gives the Contractor a prompt written notice of any claim; and
 - B. Allows the Contractor to control and fully cooperates with the Contractor in the defense and all related settlement negotiations.
3. **Obligation:** Contractor's obligation under the Patents Section is further conditioned on the State's agreement that if the operation of the equipment becomes or, in the Contractor's opinion, is likely to become the subject of such a claim, the State will permit Contractor, at its option and expense, either to procure the right for the State to continue using the equipment or to replace or modify it so that it becomes non-infringing. However, if neither of the foregoing alternatives is reasonably available, the State will return the equipment upon written request by the Contractor. The Contractor agrees to grant the State credit for returned equipment as depreciated. The depreciation shall be an equal amount per year over the life of the equipment established by mutual agreement of the State of Indiana and the Contractor.

 - B. If the Contractor, after sixty (60) days written notice, fails to correct or cure any breach of this agreement, the Using Agency may cancel and terminate this Agreement and thereafter owe no further monies for equipment usage beyond the termination date.
5. **Assignment:** The Contractor shall not assign or subcontract the whole or any part of this contract without the State's prior written consent. The assignment shall cover all unpaid amounts under this contract and shall not be made to more than one party.
6. **Alterations and Attachments:** An alteration or attachment to equipment may be made only upon approval by the Contractor, which approval shall not be unreasonably withheld. The State agrees to remove any alteration or attachment and to restore equipment to its normal, unaltered condition, ordinary wear and tear excepted, prior to its return to Contractor, or upon notice from Contractor that the alteration or attachment creates a safety hazard or renders maintenance of the equipment impractical.
7. **Authority to Bind Contractor:** Notwithstanding anything in the contract to the contrary, the signatory for the Contractor represents that he/she has been duly authorized to execute contracts on behalf of the Lessor/Contractor designated in the solicitation package and has obtained all necessary or applicable approval from the home office of the Contractor to make this contract fully binding upon the Contractor when his/her signature is affixed and is not subject to home office acceptance hereto and accepted by the State of Indiana.
8. **Independent Contractor:** Both parties hereto, in the performance of this contract, will be acting in an individual capacity and not as agents, employees, partners, joint ventures, or associates of one another. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purposes whatsoever. Neither party will assume any liability for any injury (including death) to any persons or any damage to any property arising out of the acts or omissions of the agents, employees, or subcontractors of the other party.

11. **Hold Harmless/Indemnification:** The Contractor agrees to indemnify, defend, and hold harmless the State of Indiana and its agents, officers, and employees from all claims and suits, including court costs, attorney's fees, and other expenses, caused by any act or omission of the Contractor and/or its subcontractors, if any. The State shall not provide such indemnification to the Contractor.
12. **General:** This contract embodies the entire agreement between the parties. It may not be modified or terminated except as provided herein or by a written agreement signed by all authorized and required parties. The terms, conditions, and specifications of the original solicitation, if any, and/or any award made in connection with this transaction are incorporated herein by reference and made a part hereof just as if they have been fully set out herein.
13. **Open Competition:** The specifications contained herein are intended to be nonrestrictive. BID LIST INSTRUCTIONS

PLEASE POPULATE THE BLUE-SHADED CELLS WITH THE CORRESPONDING PRICE PER TON IN THE **TREATED SALT and UNTREATED SALT** WORKSHEETS.

****Bidders are advised that there will not be a Best and Final Offer (BAFO) Round for this bid. Therefore, it is expected that bidders submit their most competitive pricing upon submission of their bid documents.****

Respondent may bid on UNTREATED, TREATED, or any combination thereof by INDOT district to be considered a valid bid.
 Respondent may bid on INDOT, LOCALS, or any combination thereof by INDOT District to be considered a valid bid.
 Respondent must bid on all INDOT/OSA-specific line items in any given INDOT district to be considered a valid bid.
 Respondent must bid on all LOCALS in any given INDOT district to be considered a valid bid.
 Respondent must bid on both EARLY FILL AMOUNTS and SEASONAL AMOUNTS listed for any given INDOT district to be considered a valid bid.

For example, if a respondent wants to bid on the INDOT/OSAs untreated salt business for 60-Vincennes, a respondent must bid on line items 56-58 to be considered a valid bid. If a respondent does not bid on all of those line items, the bid will be disqualified for INDOT business, 60-Vincennes.

*Additionally, a respondent may bid untreated salt only for the LOCALS in 60-Vincennes (line items 59-60) and be considered a valid bid. A respondent does not have to bid on the LOCALS treated salt in 60-Vincennes to be considered a valid bid on the LOCALS **untreated** salt for 60-Vincennes.*

Lastly, a respondent may bid on ALL business for both INDOT/OSAs and LOCALS in 60-Vincennes by bidding on line items 26-30 (Treated Salt) and line items 56-60 (Untreated Salt).

ADDITIONAL INFORMATION

1. 2017/20178 Quantity listed is 100%. Price submitted by respondent is the price for purchases from 0% to the maximum of the commitment range. Any additional tons needed beyond the commitment range will be by mutual agreement of the parties, including the price thereof. The State of Indiana is committed to purchasing at least 80% of the quantity listed and is eligible to purchase up to the maximum of the commitment range (120%) at the price bid by the respondent. Awarded vendor is expected to hold the quantity of salt supply for up to the maximum of the commitment range specified in the Untreated Salt and Treated Salt worksheets. **The State is requesting that the vendor submit pricing for the Early Fill amounts listed and the Seasonal amounts listed on the "Treated Salt" and "Untreated Salt" spreadsheets. Those two amounts (early fill amount and seasonal amount) combined make up INDOT's 100% total for the 2016/2017 bid. INDOT will reserve the right to be able to purchase the "Seasonal" amounts at any time during the contract period. The Early Fill amounts listed are for INDOT only.**

2. Local Governmental Entities are individually-operated entities responsible for their individual quantities committed as listed on **Local Tonnage** Spreadsheet. Respondents cannot bid on specific locals within an INDOT district; if respondent is awarded local governmental entities' business for an INDOT district, the awarded vendor will hold supply up to 120% for each local governmental entity listed in the INDOT district awarded.

3. Pricing submitted by respondents is inclusive of all information in the bid documents. By submitting pricing to the State of Indiana, respondent agrees to meet or exceed all specifications listed and bid terms and conditions contained in the bid documents.

- **INDOT Sub-District Breakout** contains an estimate of quantities by INDOT sub-district delivery location. These quantities are subject to change;

INDOT is committed to purchase 80% of the quantity listed by INDOT district (as listed in the **Untreated Spreadsheet and Treated Spreadsheet**), not sub-district.

- **Early Fill Requirements** contains information about initial delivery needs for each INDOT district.

Note: *50% of early fill order must be delivered on or before October 15, 2017 and 100% must be delivered on or before November 15, 2017 for La Porte and Fort Wayne Districts. 50% of early fill order must be delivered on or before November 1, 2017 and 100% must be delivered on or before December 1, 2017 for Cranfordsville, Greenfield, Seymour and Vincennes District.*

INDOT is committed to purchase 100% of the Early Fill amounts listed by INDOT district (as listed in the INDOT Early Fill Requirement spreadsheet), not sub-district.

- **Other State Agencies** contains the 100% quantity for each state agency with quantities requested and delivery locations within the INDOT district.

- **Local Tonnage** contains the 100% quantity for each local governmental entity within the INDOT district. Entities in **BOLD** have multiple delivery addresses.

Entity is committed by total tonnage listed in this worksheet. Estimated tonnage breakout by delivery location is provided in **Local Delivery Information** for informational purposes only.

- **Local Delivery Information** contains the delivery addresses and additional information for each local governmental entity.

4. The awarded vendor will receive the contact information (names, phones, emails) for both the State of Indiana and all local entities for each awarded INDOT district once the award has been finalized.

5. Total Bid Amount for each salt type will be auto-calculated in each spreadsheet. Add together untreated and treated total bid amounts to obtain your **TOTAL BID AMOUNT** to be entered on your Indiana Economic Impact (IEI) Form.
