

**I-69 EVANSVILLE TO INDIANAPOLIS STUDY
Tier 1 Environmental Impact Statement**

Preferred Alternative 3c

Page 16 of 20

Bernardin, Lochmueller & Associates, Inc.
UTM 16, NAD83, meters
DATE: 2003 v.1118

Note: GIS data used to create this map are from the best known sources existing at this time. However, experience shows that many national datasets such as cemeteries, churches, airports, schools, karst, etc. are not all inclusive. Some national datasets are created on a much smaller scale than that mapped here and as a result have positional inaccuracies. Use of this map should be limited to planning, but should not replace field review or background checks with other sources.

Comments:

COVERAGE: Along SR 37 from SW of Hindustan (Monroe Co) to SR 37/SR 39 at Champlain Meadows (Morgan Co)
CITIES/TOWNS: Turkey Track, Maxwell, Champlain Meadows (Morgan Co)
STREAM CROSSINGS: Bryant Creek, Little Indian Creek, Jordan Creek, Indian Creek
INTEREST: Forestland (south), and farmland (north) with scattered homes, hilly terrain in the Norman Upland changing sharply at the physiographic region change to Martinsville Hills, floodplains and wetlands of White River, Indian and Little Indian Creeks, Brown County Forest Block and Morgan-Monroe State Forest, Ralstan Woods subdivision, pipelines, powerlines, Leesville Anticline, Mt Carmel Fault, substation (south), old sand pit, gas wells (south), water tank (Liberty Church Rd), wastewater treatment (Champlain Meadows), National Register historic school, bridge (224) over Indian Creek potentially eligible for National Register, churches, cemeteries (1 within the working alignment), very likely classified forest
POTENTIAL INTERCHANGES: Old SR 37
