

FOR IMMEDIATE RELEASE

HEAVY TRAFFIC, DELAYS EXPECTED AHEAD OF IU'S FALL BREAK

Lane restrictions remain on State Road 37, plan to use alternate routes

BLOOMINGTON, Ind. (Oct. 2, 2017) – Thousands of students, staff and faculty are expected to take to the road the week of October 2 in anticipation of Indiana University's fall break scheduled for Friday, October 6, through Sunday, October 8. The Indiana Department of Transportation (INDOT) encourages all motorists to plan for expected delays on SR 37 between Bloomington and Martinsville.

INDOT recommends using the alternate routes of SR 46 east to I-65 north or SR 46 west to SR 67 north for travel from Bloomington to Indianapolis. Students heading north from campus to Indianapolis or Indianapolis International Airport are encouraged to carpool or use a shuttle service (see below). Keep in mind that potentially heavy traffic could cause delays. Plan ahead, leave early and allow for extra time to reach your destination.

Lane restrictions will remain in place on SR 37 between Chambers Pike and Legendary Drive until Dec. 1. Motorists are reminded that the entire 21-mile work zone has a strictly enforced 45 mph speed limit.

Shuttle Services

- GO Express Travel, (800) 589-6004, travels between Indianapolis International Airport and Bloomington several times each day. They are also offering a shuttle service to and from Chicago for Fall Break
- Star of America, (800) 228-0814, runs a shuttle between Indianapolis International Airport and Bloomington multiple times a day
- Campus Commute offers shuttle service between the IU Bloomington campus and IUPUI campus, as well as downtown Indianapolis, four times a day (Monday through Friday only)
