# Introduction to Wage and Contribution for Employer Users

---

Employer Users may enter and maintain wage and contribution information in the Employer Reporting and Maintenance (ERM) application. Based their security roles, Employer Users can perform these wage and contribution functions:

- Upload Wage and Contribution, Adjustment and Settlement Adjustment files.
- Enter wage and contribution online.
- Complete an online wage and contribution adjustment.
- View and manage wage and contribution submission reports.
- Process wage and contribution submission reports for payment.
- Resolve wage and contribution errors in the Exception Queue.

This user manual introduces all the features and screens associated with wage and contribution management in the ERM application.

**NOTE:** Wage and contribution reports must be entered and paid in sequential order, according to payroll dates. A payroll date may be skipped if the Submission Unit does not have any transactions for that period.

**NOTE:** It is important to keep the Exception Queue clear and resolve errors in a timely manner. If there are any transactions that have been in the Exception Queue for 30 days or more, wage and contribution reports for payment cannot be submitted until those errors are resolved.

**NOTE:** To ensure that both employers and INPRS staff perform functions in ERM consistently and efficiently, the ERM documents have been written for Employer and Staff. The Employer versions are available from the [Employer Reporting & Maintenance](#) page of the INPRS website. (IC 5-10.2-2-12.5)

**NOTE:** Effective 12/31/2009, employers are to submit contributions, records, and reports electronically in a uniform format through a secure connection over the Internet. Set up of employer, users, wage and contribution submissions and instructions on completing tasks are included in the manuals and QRGs available on the [ERM – Manuals](#) page and the [ERM – Quick Reference Guides](#) page of the INPRS website.

# ERM Glossary

---

Refer to the [ERM Glossary](#) document for a complete list and definitions available on the [ERM – Manuals](#) page of the INPRS website.

**NOTE:** In other documents the various funds, systems, and plans may be abbreviated as follows:

- 1977 Fund, 77 Fund, PF77 – 1977 Police Officers' and Firefighters' Pension and Disability Fund
- CE, C&E, CAEP, EG&C - Excise, Gaming, and Conservation Officers' Retirement Plan
- JU, JUDG, JRS – Judges' Retirement System
- PA, PARF – Prosecuting Attorneys' Retirement Fund
- LE, LE DC, LE DB, LRS – Legislators' Retirement System (Defined Contribution or Defined Benefit)

No matter how they are abbreviated, the abbreviations refer to these named funds, systems, and plans and often are referred to as “fund”, “plan”, or “system”.

Members who elected the Voluntary Pre-Tax Contribution option, who leave employment and return to the same employer are required to continue with voluntary pre-tax contributions because the election is irrevocable.

**NOTE:** If adjustments are included with regular wage and contribution transactions, they must be paid on the same payroll date as the regular wage and contribution transactions. If they are being paid on an off-cycle payroll, they must be entered online using the *Online Adjustment* section of ERM.

2. Enter the payroll date for the wage and contribution or adjustment in the **Payroll Date** field by typing the date or clicking on the **Calendar** icon as shown in Figure 10. Available payroll dates display in bold font on the calendar.

Only payroll dates that are applicable to the Submission Unit(s) the employer has access to are available for entry.

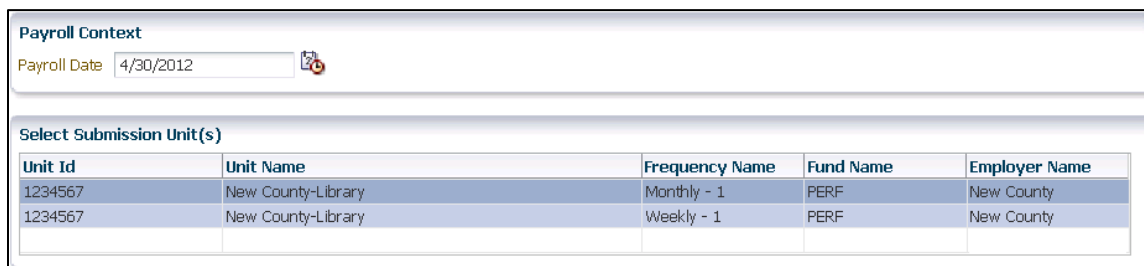

**Figure 10: Access the Payroll Calendar**

**NOTE:** When a payroll date is selected, ERM filters the Submission Unit table for all payroll frequencies that fall on that date. This allows a single file upload to contain payroll data for multiple payroll frequencies. For example, an employer may pay some employees weekly and others bi-weekly. On payroll dates where those two cycles fall on the same date, a single payroll file may be uploaded to ERM containing wage and contribution data for both. However, they may be submitted separately.

3. Choose the Submission Unit(s)/payroll frequency combinations that are included in the file from the list displayed in the table in the *Select Submission Unit(s)* section of the screen as shown in Figure 11. To select multiple Submission Units, or multiple payroll frequencies of the same Submission Unit, press the **CTRL** key and make selection(s).

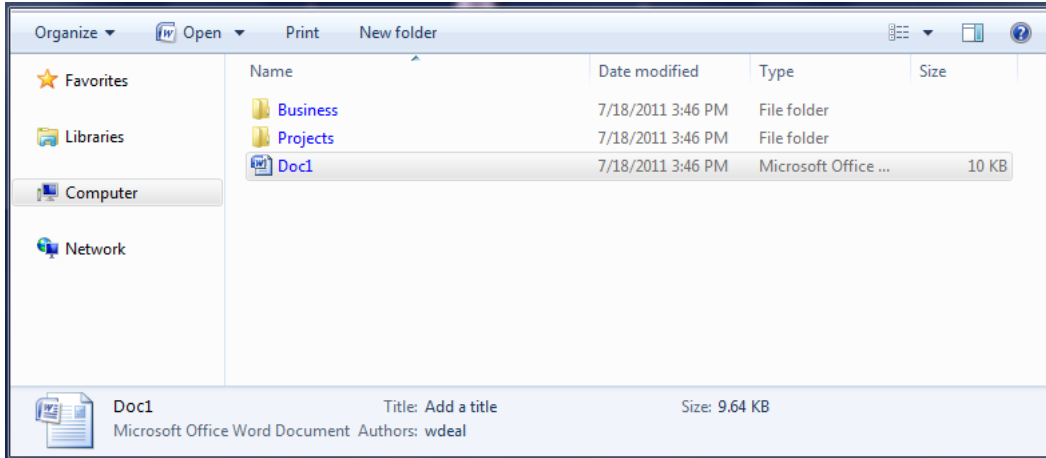

**Figure 11: Select Multiple Frequencies for a Submission Unit**

**NOTE:** For multiple payroll frequencies that pay on the same payroll date, upload a file for each payroll frequency, or upload a single file containing multiple frequencies. Uploading a file containing multiple frequencies, each frequency included in the file must be selected from the table. This can be done by holding down the **CTRL** key and clicking on each applicable frequency in the table.

4. Click **Browse** next to the **Upload File** field in the *File Upload* section of the screen.
5. An explorer window opens, as shown in Figure 12. Browse for and select the wage and contribution or adjustment file to be uploaded. Click the file name to populate the **Upload File** field.

**Figure 12: Explorer Window for Wage & Contribution Or Adjustment File Upload**

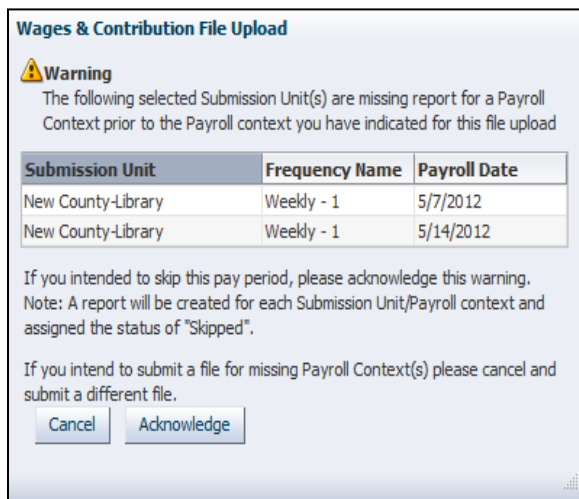

6. Select the file to be uploaded, click **Upload**. This begins a structural validation process that ensures the file meets the file layout specifications provided by INPRS.
7. When the file name displays above the **Upload File** field, click **Submit** to submit the Wage and Contribution or Adjustment file.

**NOTE:** If a payroll date is skipped, the notification screen displays, as shown in Figure 13. This notification asks the Employer User to do one of the following:

- Acknowledge that the Employer User intended to skip a payroll date because there is nothing to report for the payroll date
- Cancel the wage and contribution submission and submit wage and contribution transactions for the skipped payroll date if the Employer User did not intend to skip a payroll date.

**Figure 13: Skipped Payroll Date Notification**

8. Once the file is submitted, the confirmation notification is received, as seen in Figure 14. This confirmation screen states that the file is beginning the validation process and the validation results can be viewed from the *Submission Reports Status* table.

**NOTE:** If an uploaded file contains both regular wage and contribution and adjustment transactions, separate reports will be created for the wage and contribution transactions and adjustment transactions by Submission Unit.

1. Click the ▷ to the left of *Wage and Contribution* in the *Navigation Menu*.
2. Choose **Submission Reports** from the drop-down menu.
3. Search for a report using the *Search Reports* section of the *Search Reports* screen, as shown in Figure 53.
4. Select a report from the table on the *Search Reports* screen.
5. Click the **View** link in the **Action** column next to the report to be viewed. The *Report Summary* screen opens, as shown in Figure 54.

  - The **Invoice Amount** field shows the total amount due for the selected report.
  - The **Account Balance** field shows the credit or debit balance of the Submission Unit’s account.
    - If the amount shown in this field displays in **red**, the amount is a credit and automatically applies toward the payment being made.
    - If the amount shown in this field is in black, the amount is a debit. Debits are added to the amount due on the report being submitted for payment.
  - The **Total Amount Due** field shows the invoice amount plus any debit balance or minus any credit balance.
  - The **Amount Unassigned** field shows any remaining balance that has not yet been assigned for payment.

## View Summary, Detailed, and Payment Reports

The *Report Summary* screen for PERF/TRF My Choice and PERF/TRF Hybrid employers reflects additional fields in the table. As illustrated in Figure 66, Normal Cost, Supplemental Cost, Matching Contribution, and Hybrid ER Share show in the scrollable table, which are distinct to employers participating in both plans. All employers, including PERF/TRF My Choice and PERF/TRF Hybrid employers, refer to the fields in the table summarize Wage and Severance Wage amounts in the following categories:

- Mandatory Pre-Tax Contributions
- Mandatory Post-Tax Contributions
- Voluntary Pre-tax Contributions\*\*
- Voluntary Post-Tax Contributions

- Employer Contribution Share
- Total

\*\* Voluntary Pre-Tax Contributions will continue for members who elected the option before 1/1/2018. As of 1/1/2018, members can no longer elect this option. The election is irrevocable so members enrolled prior to 1/1/2018, will continue with pre-tax contributions as long as they are employed with the same employer in an INPRS-covered position. Members who elected the Voluntary Pre-Tax Contribution option, who leave employment and return to the same employer will be required to continue with voluntary pre-tax contributions because the election is irrevocable.

## Release Payments

The **Release Payment** button is used by INPRS Staff Users to release settlement adjustments for payment by Employer Users. The button becomes active when a Submission Unit has submitted a settlement adjustment report.

Once an INPRS Staff User has reviewed the settlement information and the settlement report, they release the settlement adjustment for payment by the Submission Unit.

**NOTE:** All settlement adjustments submitted by Employer Users automatically go into a settlement hold status until an INPRS Staff User reviews and approves the settlement information and releases the settlement adjustment for payment. Only then can the Employer User submit the settlement adjustment for payment.

# Service Credit Adjustments

Employers cannot do service credit adjustments. Contact the Employer Advocate (EA) Team about service credit adjustments.
